QUARTET SETS SAIL

That the Corvallis track and field meet will last but one day, on Saturday, was the information received here this morning, but as La Grande's quartet had planned to leave this morning, the trip was made as planned. This does away with preliminaries in most of the events, and will not tire the contestants for the finals. La Grande's four joined the Baker City weight men here this morning and it is likely that Walters of Cove will pass through here tonight on his way to partake of the glories. The Ontario team will come tonight.

Jay Millering has been high jumping about five feet five inches and may get a place in that event, while it is probable he will land a third in the pole vault. The Ontario duet who go 11 feet without much effort will get first place according to the dopsters. Geddes has a chance to land a place in the hammer, while Young and Frank Millering are not outclassed in the high hurdles, discuss and pole vault to any great degree.

IN The Case of the State vs Stevenson for "Practicing Dentistry Without Filing Having Obtained a License Therefor," R. L. Lincoln private prosecutor, and which was carried to the Supreme Court of the State of Oregon by the District Attorney in the hopes of getting a conviction, has recently been dismissed by the Supreme Court and as a consequence I am a free man. While I regret very much that this prosecution has cost Union County something over \$125.00, I am naturally gratified to find that I was not guilty.

On the evening of April 26 last, while I was in the east, my office was burglarized and my record book stolen. For information which will lead to the arrest and conviction of the person or persons implicated I will pay a reward of \$100.00 or any other sum necessary. Hereafter I shall be pleased to give any information regarding my prices etc. to anyone who may be sufficiently interested to call at my office while I am present.

Respectfully,

J. E. Stevenson, D. D. S.

UP TO DATE FILMS AT THE SCENIC SHOW

The Scenic was crowded last evening with interested spectators. New pictures will go on tonight, the special feature being a beautiful film entitled "Hunting Hippotamus on the Nile." Another film of considerable beauty and interest is "The Bohemian Girl," a colored film. These two films will be worth the time and money spent in attending the performance.

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled, and surrounding the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

At the first suggestion of summer weather let the range fire die out, set a New Perfection Wick Blue Flame Oil Cook-Stove in a corner of the kitchen, and at once the family boiling, frying and baking may be done with comfort, because the "New Perfection" delivers the heat under the kettle and not about the room. Another convenience of the
