Until we can think clearly and without confusion of only one thing at a time we can never be the master of our genius. We can only become of the highest use by living fully in the present. Doing this we deal only with the subject in hand, and, by coming upon its principle, we suddenly discover ourselves its easy master. Emergencies no longer confuse us, we no longer remain in any doubt and no dilemma appears in determination. We look with clear eyes and true reason for the principle and we have at once the spiritual key to every proposition. We thereby become ourselves, yet we lose all sight of the personal by merging self into the infinite. This clarity of vision is always associated with high integrity and worthy purpose.

WILL BALLAST MAINLINE

Among the important things that called officials of the O. R. & N. to the extreme east end this was the proposition to ballast tracks of the O. R. & N. between Huntington and Baker City. It is understood that the matter is settled in favor of ballast and an appropriation has been made for the work. Just when it will begin has not been stated, but there is reason to believe that the good weather this summer will be taken advantage of and when winter comes it will find many miles of ballasted track.

CARD OF THANKS.

We wish to thank the people of La Grande and Island City and surrounding valley for the sympathy and help they have given us in this, our terrible bereavement.

We would like to thank especially those who have so faithfully searched for the bodies of our dear little boys and also those who have aided the search in a financial way.

Our only wish is that we may yet be permitted to perform the last sad rites, and have the consolation of visiting their graves.

Again we thank you.
 (Signed)

Mr. and Mrs. Perry De Lapp,
 Mr. and Mrs. Will B. Smith,
 Mr. and Mrs. R. M. Needham.
