EXTRA TERM AT WESTON

WESTON, May 20.—(Special)—The Eastern Oregon State Normal School has arranged to carry on a summer session for a period of six weeks immediately after the close of the annual commencement which will be held the last of May. The session closes July 10 and the following courses, for which special preparation has been made, are announced by the management and the President, R. C. French:

Methods of teaching, preparation for state teachers' examinations; Latin,

German and music.

The course in teachers' examinations will include a thorough review of all branches given in the state tests, including professional work and methods for each subject. This will be especially valuable to the teachers of this section who contemplate taking the state examinations this year.

In addition, instruction will be given in eighth grade work to pupils desiring it. This will enable pupils who wish to take the examinations to be prepared still to make up to secure the necessary instruction for the June examination.

An able corps of instructors will be headed by President French and a large attendance is expected from Eastern Oregon.

Engine 118, fresh with paint and generally overhauled, went to Joseph with the oregon train this morning, instead of on the logging train.

FOLEY MAY MOVE SHED

Objections on the part of the city to the moving of a wood shed from one site to another, both within the fire limits, were removed last night at the council meeting, and J. E. Foley was given permission to proceed with the work he began yesterday. As soon as the small buildings are out of the way, Rol Walker, who is doing the work, will begin to move the brick residence that Mr. Foley purchased from J. M. Berry.

Best Treatment for Colds.
"Most ordinary colds will yield to the simplest treatment," says the Chicago Tribune. "Moderative laxatives, hot foot baths, a free perspiration and an avoidance of exposure to cold and wet offer treatment." While this treatment is simple, it requires considerable trouble, and the one adopting it must remain in doors for a day or two, or a fresh cold is almost sure to be contracted, and in many instances pneumonia follows. Is it not better to pin your faith to an old reliable preparation like Chamberlain's Cough Remedy, that is famous for its cures of colds and can always be depended upon?
