BAKER BONDS REFUSED

Baker City is having trouble with water bonds, such as La Grande has had in years recently passed. The Herald related last evening:

Because of an alleged error in submitting the proposition of voting water bonds to the voters, A. B. Leach & Co., of Chicago, purchasers of the recent Baker City bond issue of \$52,585, has turned down the whole matter and ask to be relieved from further dealing with the city in so far as that particular issue of bonds is concerned.

The legal department of A. B. Leach & Co., which passed on bonds brought by that concern, claims there should have been two distinct ballots for the voter to use in voting for or against the water bonds at the last election. And for this reason they refuse to touch the deal.

It will be remembered that Leach & Co. through the Citizens' National bank of this city, were the highest bidders for the entire water bond issue, offering a premium of about \$3,000 above par.

In conversing with City Attorney Hyde today he stated to a reporter for the Herald that the bond issue was regular in every way; that the city charter governs wholly in such matters, and the late issue of water bonds followed the same course in form and preparation that every other bond issue ever made by this city had followed, and never before had there been an instance where Baker bonds were turned down.—Baker City Herald.

In The Case of Stevenson vs Stevenson for "Practicing Dentistry Without First Having Obtained a License Therefor," R. L. Lincoln private prosecutor, and which was carried to the Supreme Court of the State of Oregon by the District Attorney in the hopes of getting a conviction, has recently been dismissed by the Supreme Court and as a consequence I am a free man. While I regret very much that this prosecution has cost Union County something over \$125.00, I am naturally gratified to find that I was not guilty.

On the evening of April 26 last, while I was in the east, my office was burglarized and my record book stolen. For information which will lead to the arrest and conviction of the person or persons implicated I will pay a reward of \$100.00 or any other sum necessary. Hereafter I shall be pleased to give any information regarding my prices etc. to anyone who may be sufficiently interested to call at my office while I am present.

Respectfully,

J. E. Stevenson, D. D. S.

S.S.S. PURIFIES BAD BLOOD

Bad blood is responsible for most of our ailments, and when from any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acrid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood was healthy the place would heal at once; but being infected with impurities which are discharged into the wound, irritation and inflammation are set up, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause. S. S. S. is Nature's blood-purifier and tonic made entirely from roots, herbs and barks. It goes down into the circulation and removes every particle of impurity, humor or poison, restores lost vitality, and steadily tones up the entire system. S. S. S. neutralizes an excess of acid in the blood, making it pure, fresh and healthy, and permanently cures Eczema, Acne, Tetter, Salt Rheum, Boils, and all other skin eruptions or disease. Book on the Blood and any medical advice free.
