FRED SWANEY HOME.

Back From Hot Lake for the Day—
Getting Strong.

Fred Swaney, who has been out at Hot Lake for the past 12 weeks as a last chance in a battle with disease that seemed hopeless, returned to town this morning and if he stands the numerous congratulations that are being showered on him from all sides, it is proof that he is much stronger than he himself believes. Fred will return tonight, but he hopes a few weeks more will make him a well man.

A NEW FEEDING SYSTEM.

M. H. Kirtley is About to Install a
Feed Chopper.

M. H. Kirtley, the well-known liveryman, is about to install a feed chopper to be run by an electric motor and when completed will feed his stock chopped hay, of several blends, including one part alfalfa, chopped barley and bran. Mr. Kirtley has it figured out that by using a scientific balanced ration that he will not only make a saving over the present system financially, but his stock will thrive better and look sleeker. If this was worked out by some of other than Mr. Kirtley one might think that this was all schemed out to keep from grooming his stock, but no one can find an inactive bone in his anatomy.

THE OLD PRESTON STAND.

IN The Case of the State vs Stevenson for "Practicing Dentistry Without First Having Obtained a License Therefor," R. L. Lincoln private prosecutor, and which was carried to the Supreme Court of the State of Oregon by the District Attorney in the hopes of getting a conviction, has recently been dismissed by the Supreme Court and as a consequence I am a free man. While I regret very much that this prosecution has cost Union County something over \$125.00, I am naturally gratified to find that I was not guilty.

On the evening of April 26 last, while I was in the east, my office was burglarized and my record book stolen. For information which will lead to the arrest and conviction of the person or persons implicated I will pay a reward of \$100.00 or any other sum necessary. Hereafter I shall be pleased to give any information regarding my prices etc. to anyone who may be sufficiently interested to call at my office while I am present.

Respectfully,

J. E. Stevenson, D. D. S.

S.S.S. CURES OLD SORES

If an old sore existed simply because the flesh was diseased at that particular spot, it would be an easy matter to apply some remedy directly to the place that would kill the germs; or the diseased flesh might be removed by a surgical operation and a cure effected. But the very fact that old sores resist every form of local or external treatment, and even return after being cut away, shows that back of them is a morbid cause which must be removed before a cure can result. Just as long as the pollution continues in the blood, the ulcer remains an open cesspool for the deposit of impurities which the circulation throws off. S.S.S. cures Old Sores by purifying the blood. It removes every trace of impurity and taint from the circulation, and thus completely does away with the cause. When S.S.S. has cleansed the blood, the sore begins to heal, and it is not a surface cure, but the healing process begins at the bottom; soon the discharge ceases, the inflammation leaves, and the place fills in with firm, healthy flesh. Under the purifying and tonic effects of S.S.S. the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be doubly benefited by its use. Book on Sores and Ulcers and any medical advice free to all who write.
