## NEW BURNER ARRIVING

BURNING OF REFUSE TO GENERATE NEEDED STEAM

Palmer Company Received Material For Refuse Burner—Over Four Thousand Pounds of Rivets Alone.

Three carloads of material for the new refuse burner to be erected by the George Palmer Lumber Company, have arrived and two more are on the way. Among the material now on hand are 4200 pounds of rivets to be used in the construction.

The burner is to be 27 feet in diameter and sufficiently high to clear adjoining buildings. Even the heat generated by the burning waste will not let go unused for an 18-inch water jacket will surround the burner and as the refuse is burning up, the water will be heated and the steam piped to the new pond that is being constructed to keep the water there from freezing and obstructing shifting of the logs during cold weather.

A new pump of the Fairbanks make, and similar to the one now used will be installed soon.

## NORTH POWDER PUPILS LEAD IN BRIGHTNESS

North Powder furnished the class of eighth grade pupils who proved to be the most thorough in scholarship during the recent grade examinations held throughout the county. The examining board, Miss Ruth Bush, Miss Syra Kuhn and Miss Gertrude Biever, all of the La Grande schools, finished their work late yesterday afternoon and found that out of more than a 100 pupils only 43 passed in all their studies, but that about as many more succeeded in all but one or two studies. These latter may have another trial in June, and it is probable that all of them will pass at that time. The North Powder class were all successful.
