FOLEY'S KIDNEY CURE

Cures Kidney and Bladder Diseases in Every Form—Many People Have Kidney Trouble and Do Not Know It.

HOW TO FIND OUT.

It is the function of the kidneys to filter and purify the blood which is constantly passing through them.

When the kidneys are out of order the other organs are affected immediately and you may have symptoms of heart trouble, stomach and liver trouble, and other ailments, which are all owing to the kidneys being weak and out of order.

If you are sick **Foley's Kidney Cure** will strengthen and build up the worn out tissues of the kidneys so they will act properly and the symptoms of weakness, heart, stomach and liver trouble will disappear and you will be restored to perfect health.

Now is the Time if You Have Kidney Trouble.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased and **Foley's Kidney Cure** should be taken at once. **Foley's Kidney Cure** is pleasant to take and acts directly upon the parts affected and you begin to feel better at once.

It corrects slight disorders in a few days and it has cured many obstinate cases after other treatment had failed.

Doctors Said He Would Not Live.

Peter Frey, of Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month, as there was no cure for me. **Foley's Kidney Cure** was recommended to me by a friend, and I immediately sent my son to the store for it and after taking three bottles I began to get better and continued to improve until I was entirely well."

What Are You Worth From the Neck up?

The ordinary unskilled laborer is worth from \$3.50 to \$5.00 per day from the neck down. If you are capable of doing head work—planning and directing the work of others, your services are worth from \$4.00 to \$10.00 per day upwards. Two fifty to seven dollars a day represents the difference from a financial standpoint between the trained and the untrained worker, or in other words if your value lies from the neck up, or neck down.

Many a man, who today is down in the mire of over work and under pay, with a course of training such as the I. C. S. is able to give, would become a leader in his chosen work. If you are ambitious and willing to utilize your spare time for advancement, drop me a line and tell me something of your ambition and what you would like to prepare for. The I. C. S. will meet you more than halfway. You are putting yourself under no obligation by writing us and we are willing to give you every opportunity of investigating our methods and after it has been explained to you, act on your own judgment.
