E-RU-SA—THE ONLY LAWFUL PILE CURE.
Because it does not contain narcotics, mercury, cocaine, lead or any poisonous drugs. Because E-RU-SA cures piles. U. S. Dispensary recommends every ingredient of E-RU-SA. Drug laws make "false or misleading statements" a crime. Therefore the sale of all old or narcotic pile medicines is illegal because they effect the brain and spinal marrow; produce constipation and never cure. Only druggists of highest standing sell and endorse E-RU-SA.
SILVERTHORN'S FAMILY DRUG STORE.

**SPRAYING
IS ORDERED**

After careful scrutiny of the vigilance kept by Union county orchardists against inroads of fruit tree pests, County Fruit Inspector Oldenberg states that with few exceptions, there is united war against the pests. However, he finds some are negligent in their obvious duty and are neglecting the task. His advice and earnest supplication to these is to get to work with arsenate of lead spray. The time is at hand to do this work, and no energy should be wasted or time squandered in commencing spraying.

**UNION ROAD
RUMORS IN
PORTLAND**

The Portland Telegram relates the following, pertaining to the Central Railway Company's future plans:

Reports from Eastern Oregon are to the effect that the recently reorganized Central Railway intends to build during the next year 88 miles of railroad which will give it connections with the O. R. & N. at Union Junction and with Northern Pacific at Walla Walla. The new corporation is known as the Central Railway of Oregon, and is owned and controlled by New Haven and Boston capitalists. General Manager R. H. England left for the East two days ago to take up preliminary arrangements for the immediate construction of the 88 miles projected with the directors of the road. It is planned to spend about \$1,500,000 on the road within the next year, according to statements made by Mr. England before his departure.

The original plans of the Central Oregon Railway contemplated simply the construction of a line of about two miles from Union to Union Junction, on the O. R. & N., and about 12 miles from Union to Cove. The new company, however, is deeply interested in the development of the large area of thickly timbered country in that region, and plans to run a line about 12 or 15 miles up Katherine Creek, in Union county, to a belt of yellow pine estimated to run between 2,000,000,000 and 3,000,000,000 feet. Yellow pine stumpage in that section is worth about \$1.25.

The larger project from Cove to Walla Walla, giving outlet via the Northern Pacific, will tap an immensely rich country which is at present entirely unprovided with transportation facilities. It is understood that there are no serious problems of railroad building, though there is an elevation of about 1200 feet to be overcome, but this can be done at favorable grade, it is said.

**ELKS TRAIN
A FINE ONE**

According to Traveling Passenger Agent Jack O'Neill, the Elks' train which will be made up at Baker City, June 7 and carry the eastern Oregon Elks to the big national convention at Los Angeles will be one of the finest and best equipped, that ever pulled out of eastern Oregon. No pains will be spared by the passenger department of the road to make the trip one continuous gala occasion for the antlered herd.

The special will be made up at Baker City and will start from that point. At the start there will be four standard Pullman sleepers, a chair car, baggage car and diner. Another car will be picked up at La Grande, one at Pendleton and two at The Dalles. This will complete the train. The train will probably leave Baker about 7 o'clock in the evening.

CARD OF THANKS.

We desire in this public way to thank our friends who so kindly came to our assistance during our recent bereavement at the death of our infant child.

Mr. and Mrs. E. B. JOHNSON.

**Adler's
Collegian Clothes**

represents the highest type of ready to wear apparel America produces. The fabric, the linings, the tailoring and the fitting qualities are best appreciated when critically compared with the clothes of any other maker. The man who is painstaking in the selection of his clothes—who recognizes the real worth of a well made garment with which is combined the best features of present day fashion is the man whose attention we seek. Collegian clothes for Spring are now being shown by
