Educator Shoes

Nature forms the child's foot so that each toe lies flat and straight, thus providing the human foot with power to balance the body and the spring to make walking easy. Unfortunately few children reach maturity without cramped, pinched and misshapen feet, which is usually caused by shoes sold by unscientific shoemen to unthinking parents. Could parents be brought to realize the importance of starting the child's foot right there would be little or no suffering in later years from so many blemishes that so many men and women are heir to.

The Human Foot Should be Allowed to Grow Naturally

To shape the foot to changing fashion, is to force the soft, pliable, growing bones, cords and muscles into deformed shapes. The foot thus pinched from its natural shape is bound to be a source of suffering in later life.

BIG CROWD TO ATTEND THE GAME

From all appearances the greatest crowd that has attended a baseball game this season will be on hand tomorrow when the Clerks and the Band Boys cross bats at Lincoln Park. The line-up of the two teams is the best that could be picked and while there is no "classy" baseball promised there will be plenty of amusement for the rabid fans.

The rooters also will have occasion to air their lungs as much as they please. The band will be there to make things lively during the struggle. The "official" lineup of the two teams follows.

Clerks—Garrick, p; Zweifel, c; Van Bellen, 1b; Shelley, 2b; Francis, 3b; Woods, ss; Armond, lf; Ivanhoe, cf; Holly, rf.

Band Boys—Williams, p; Ralston, c; Mackey, 1b; Bay, 2b; Jay, 3b; Bruce, ss; Helsner, lf; Selak, cf; Thorson, rf.

Umpire Jay Van Buren; Scorekeeper J. H. Keeney.

WOULD BRING FLOAT HERE

J. D. McKennon, who returned from the Portland Rose Carnival in time to be here for the horse show, says that every day seemed to be better than every other day, and that Thursday was the best day of all. Eastern Oregon was well represented, and Miss Rayburn received a great ovation as the float in which she rode passed the multitudes of people from all over the United States. Mr. McKennon thinks it would be an excellent idea to bring the float home for participation in the parade on the Fourth.

Fob is Found.

Illustrating the value of publicity, and incidentally the efficiency of Observer ads is a little incident that occurred this morning. Two days ago J. Frances Stover, traveling for Walla Walla stationery firm lost a watch fob, worth a considerable amount. He requested this paper to insert a reward notice, and this morning Joe Woods, the liverman, brought the fob to the office. It was found by his little boy.

Washington Commission is in Trouble.

COLFAX, Wash., June 12.—Citizens of Farmington, especially those having complaints against the O. R. & N. Company are discussing plans for a mass meeting to draft a complaint for malfeasance in office against the state railway commission, which is traveling in a special car hearing complaints of the people along the O. R. & N. in Washington. Agent Taylor, of the company, notified the citizens of Farmington yesterday that the commission would reach there at 1 o'clock in the afternoon.
