DENTIST

If you are in need of dental work and will visit my office I will endeavor to treat you square, both in the manner in which I do my work and the fee charged for it.

I am not making a "leader" out of extracting, when I say I will do it for 50 cents; it is what I call a reasonable fee.

I do all my own work. None of my work is done in dental laboratories in Portland or elsewhere. When I make a set of teeth for you I make them myself. This puts me in position to stand behind my work, and that is what I propose to do.

Don't get sidetracked by stories that I am not a competent workman.

TAKE LOTS OF Eatables

Take your lunch. That is the order laid down by the railroad men for all who go on the excursion to Wallowa lake next Sunday. Take lots of lunch. It is almost as important to have more than enough grub along as it is to take your best temper or your sweetest smile. Enjoyable as last year's excursion was, the railroad boys have spared no effort to make this even better. There will be lots of shady, grass carpeted nooks in which to spread the lunch. Reports from the lake say that fishing was never better, besides all the opportunities for sport, there will be many who desire simply an outing on the banks of a beautiful lake. To these last the excursion offers an opportunity not to be lightly passed over.

Our people will be taken to the head of Wallowa lake in launches and vehicles furnished by the Commercial club of Joseph, free of charge. They have nine launches on the lake. There is a beautiful drive around the lake to the picnic grounds.
