CONCERT PLEASES EVERYONE

What shall we say? Superlatives must be used in any description of the concert at the Tabernacle Saturday night, and surpassingly sweet and beautiful was the singing of the charming Salt Lake artists, Misses Barnes and Kelley. As a contralto, Miss Barnes has never had an equal in concert in this city, and the same may be said of the exceedingly sweet and clear voice of Miss Kelley. The charm of their singing was added to by the loveliness of their personality. Professor Kimball is an organist of repute, and his coming was a treat to the music lovers of the city. The organ was in perfect tone and condition, and the keys were manipulated by a master.

The chorus of 100 voices has been trained thoroughly and efficiently, and their rendition of the choruses was magnificent.

The attendance was large, and the audience was very enthusiastic in its encores to the singers. Each was called back as often as they would respond, and the enjoyment of their hearers was greatly heightened by the old familiar favorites, "Ben Bolt" and "Annie Laurie." These concerts have become a feature that is eagerly looked forward to by every music lover in the city.

DISTRIBUTE 4TH BILLS

Loading their rig up with Fourth of July posters, Roy Currey and Lytton Ivanhoe left this morning for an advertising tour which will include the entire valley with the exception of Elgin where the stuff will be sent to the bill poster. They will visit Hot Lake, Union, Cove, Alice, Imbler and Summerville, and expect to be gone about three days.

The posters are full sheet in size, and are probably the most gorgeous bills ever distributed in the county. They are printed in five colors, and very attractively and effectively set forth the numerous attractions that visitors to La Grande will see on Monday, July the 5th, which date will be celebrated in a manner becoming to the spirit of the day and in a way calculated to make the name of the city known all over the Northwest.

SILVER TOILET SETS.

Nothing will be as much appreciated by the bride and groom as something that will be of practical as well as decorative use—in other words, silver backed hair brushes, combs, manicure sets, etc. etc.

In these lines we are showing splendid assortments—assortments that compare favorably with the most completely stocked of metropolitan establishments—at prices that are much better than those quoted here or elsewhere.

You will do well to inspect our stock before you buy elsewhere.

What Are You Worth From the Neck Down

The ordinary unskilled laborer is worth from \$1.50 to \$3.00 per day from the neck down. If you are capable of doing head work—planning and directing the work of others, your services are worth from \$4.00 to \$16.00 per day upwards. Two fifty to seven dollars a day represents the difference from a financial standpoint between the trained and the untrained worker, or in other words if your value lies from the neck up, or neck down.

Many a man, who today is down in the mire of ever work and under pay, with a course of training such as the I. C. S. is able to give, would become a leader in his chosen work. If you are ambitious and willing to utilize your spare time for advancement, drop me a line and tell me something of your ambition and what you would like to prepare for. The I. C. S. will meet you more than halfway. You are putting yourself under no obligation by writing us and we are willing to give you every opportunity of investigating our methods and after it has been explained to you, act on your own judgment.
