SILVER TOILET SETS.
Nothing will be as much appreciated by the bride and groom as something that will be of practical as well as decorative use—in other words, silver backed hair brushes, combs, manicure sets, etc. etc.

In these lines we are showing splendid assortments—assortments that compare favorably with the most completely stocked of metropolitan establishments—at prices that are much better than those quoted here or elsewhere.

You will do well to inspect our stock before you buy elsewhere.

CELEBRATE TWO DAYS

There will be really two days' celebration at Union, Friday and Saturday the second and third of July. Friday will be given over to the annual G. A. R. reunion. On the third sunrise will be announced with "noisy guns," and there will be a parade at 10 o'clock, participated in by "civic and fraternal organizations, citizens and school children." There will be games and sports for all, and in the afternoon a series of horse races will be pulled off at the excellent track on the outskirts of town. In the latter events are a three year old trot, or pace, one and one-eighth miles; a three quarter mile run, free for all; a one mile gentlemen's buggy race, for Union horses only; a mile and one-eighth, for three minute horses, and a cowboy race, saddle horses only.

Union invites everybody, and will make all welcome. In the evening there will be a display of fireworks, consisting of beautiful set pieces.

E-RU-SA—THE ONLY LAWFUL PILE CURE.

Because it does not contain narcotics, mercury, cocaine, lead or any poisonous drugs. Because E-RU-SA cures piles. U. S. Dispensary recommends every ingredient of E-RU-SA. Drug laws make "false or misleading statements" a crime. Therefore the sale of all old or narcotic pile medicines is illegal because they effect the brain and spinal marrow; produce constipation and never cure. Only druggists of highest standing sell and endorse E-RU-SA.

S.S.S. CURES BLOOD POISON

When the blood becomes infected with the virus of Contagious Blood Poison, the symptoms are soon manifested. The mouth and throat ulcerate, copper-colored spots appear, a red rash breaks out, the hair begins to come out, and usually sores and ulcers show themselves on different parts of the body. At the first sign of the disease S.S.S. should be taken, for the trouble is too powerful and dangerous to trifle with. If allowed to run on the tendency is to work down and attack the bones and nerves, and sometimes it makes a complete physical wreck of the sufferer. The disease can make no such headway if S.S.S. is commenced and used according to directions; its progress can be stopped, the poison removed, and health preserved. S.S.S. goes into the blood and removes the insidious virus, cleanses the circulation and makes a complete and permanent cure by driving out the cause. S.S.S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and blemishes, and when S.S.S. has thoroughly purified the circulation no trace of the disease is left. S.S.S., a purely vegetable remedy cures Contagious Blood Poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. Home treatment, book and any medical advice free to all who write.

The Heating and Ventilating Problem Solved By the Waterbury System

For Schools, Churches, Lodge Rooms, and Public Buildings

- Does away with window ventilation, which is almost as great an evil as impure air.
- Maintains a uniform temperature all over the room.
- Eliminates the cold floor problem and the "dreaded hot stove."
- Adds 25 per cent to the seating capacity by removing the plant to the corner.
- Great saving in fuel bill. Requires no basement. Always under direct supervision.
- No expense to install. Will burn either wood or coal.
- Every plant guaranteed to meet the most exacting requirements.
- No Experiment, Plant in successful operation in Public School of La Grande.
- Invented by J. L. Waterbury who for many years taught in the public schools, after carefully studying the problem and long experimenting devised and patented the system.
- Those seated in the farther corner of the room will be just as warm as those sitting near the plant.
- Can be attached to any flue. Every school district should investigate this system.

M. SNIDER, Agent, LaGrande, Ore.

I have taught in the various schools of the county for the past fourteen years and the knowledge of the improper heating and ventilating conditions caused me to take this agency.
