## TENNIS CLUBS ACTIVE

Since the new tennis court was built on the lots by the Blue Mountain creamery, several names have been added to the list of tennis enthusiasts. Practice is indulged in almost every evening by some of the members, and some of them like the game so well that they get up at 5 o'clock in the morning to play. We refer more particularly to W. B. Sargent and "Gene" Good, late additions to the ranks. The members of the Algonquin club had their courts put in shape early in the season, and played some, but of late the marriage of Mr. Nelson and Miss Masee, two of the best players and principal members, has kept their friends so excited and busy that very little practice has been done.

### Bright Boy, This!

Norbet Wiener, a senior in Tuft's College, who will be 14 years old June 16, will receive a diploma at the college commencement as bachelor of arts. And not only will he receive his degree of bachelor of arts, but he will be entered on the rolls of Tuft's as having completed a full four years' course in three years.

Weiner is the most remarkable student on the roll of any college or university. When he was 18 months old he knew the English alphabet; at 3 years he could read and write; at 5 he studied Latin; at 6 he had mastered arithmetic, algebra, plane and solid geometry; at 8 he read books in Latin, German, French and Russian readily; at 9 he could reason problems in trigonometry and calculus, and was given dealing on ancient astronomy.

Stop and look at the \$35.00 camera, and explanation in our window. Newlin Drug Co.

## DRILLING

There are several kinds of drilling but the kind the kind that makes the farm pay is the drilling which makes water available. There is no need of a dry farm. The task is not so great as you may think. I have had years of experience and understand the well business thoroughly.
