Another week has passed and no supreme court decision on the Union county local option case. Several cases were handed down Tuesday. Possibly next Tuesday this case will be reached.

It is the same report wherever you may go all over the Northwest "bumper crops". We are past the "bright prospect" state, harvest is practically here. We are haying in this valley and next week the grain harvest begins in Umatilla county and the Paouse. Good prices are assured and along with our lumber and fruit and stock and wool all of which are in great demand, how one can be a pessimist these days is difficult to conceive.

As the years roll by, we are letting many opportunities slip that causes regret later. At the coming meeting of the Pioneer Association let there be a collection of as many of the pioneer relics that is possible to obtain. A little thought and effort would result in a collection that would not only be interesting but would be worthy of preserving. By commencing to collect on Pioneer day and continuing the research until our county fair meets we would have a collection of relics brought and made by the pioneers of Union county that their children, grand children and great grand children would appreciate as well as thousands of others. If the idea was entered into with any spirit it would require a much larger space for such an exhibit than many realize.
