

# Buy Clothes With Your Eyes Open

Have you been buying Clothes where the salesman or the dealer puts the coat on your back, gives a hitch here or a pull there, passes your hand over your back and shoulders and says: "What a beautiful fit." That's one way of selling clothes and one way of buying them, but a far better way, according to our method of thinking, is choosing a size suited to the customer and giving him a coat to slip on himself, a coat that sets perfectly the moment he puts it on, whose collar sets close to the shoulders and seems moulded to the form, a garment that drapes and fits as only perfectly made clothes can. Clothes hold their shape. If you have been wearing clothes that have been pulled into shape with a flat iron, that will lose these good points after wearing them a brief time, Profit by experience and let value enter into your calculations.

+ E. L. BUSSEY.

## WILD WEST SHOW GOOD

The Weideman Great American shows gave their initial performance to a large crowd at the Lincoln baseball park this afternoon. The street parade took place at 1:30, after which they proceeded to the park. They have some first-class broncho busters and Indian riders. They give in their show a dramatic history of the early days on the frontier, which is pleasing and instructive. Their "Custers Last Charge" was very excellently performed and had some rare good riders and marksmen participating. They will give another performance this evening at 8:30.

## EQUIPMENT NOT THE BEST

Instructions and orders pertaining to air brakes are being laid down to every employee of the O. R. & N., from the division foreman down to the newest man on the road, and it is said that before the I. C. S. instruction car leaves La Grande, the employes will be far more proficient in their duties than they ever could be without the instructions. It is also said that the air brake equipment is bad on the mountain system and that it will have to be brought up to a higher standard at once.

Every day the instructors take their students through courses and the lectures delivered are postively excellent. The men who are in charge of car are polite, know their business, but are extremely firm and when they order things done, they insist on obedience. In the matter of equipment, improvements will be the order of the day.

## BUSINESS INCREASING

Work in the round house and shops has increased at such a rate that they found working nine hours per day would not meet the demands and so were compelled to put on new men. Two new machinists were added to the machinist force and other men are being put on very rapidly. All departments of the service are taxed to capacity to handle the business.

### NEW WIRE SOON.

Huntington to Portland Telegraph Wire, In Near Future.

The local telegraph office is being supplied with a new switch board. This is to accommodate the new wire that will be soon in working order between Huntington and Portland.

### SEND BACK PROCEEDINGS.

Every Detail in Connection With Election is Compiled Today.

All proceedings in connection with the city election wherein the new charter was adopted, are being prepared by City Attorney Baker and City Recorder Cox and will go back today.

The bond buyers want every detail in this connection and the volume will be a large one when it leaves tonight for the east.

### LOST.

About June 7, black seal pocket book about 6 by 4 inches in size, with name, Dr. Otis Akin, Portland, Oregon, inside, contained a note, money and several other things. Generous reward upon return of same to Dr. F. E. Moore, La Grande.
