

DRILLING

There are several kinds of drilling but the kind the kind that makes the farm pay is the drilling which makes water available. There is no need of a dry farm. The task is not so great as you may think. I have had years of experience and understand the well business thoroughly.

S.S.S. HEALS SORES AND ULCERS

S. S. S. heals Sores and Ulcers in the very simplest way. It just goes right down into the blood and removes the cause, and the place is bound to heal because the impurities and morbid matters which have been the means of keeping the ulcer open are no longer absorbed from the blood. External applications of salves, lotions, plasters, etc., can never produce a cure because they do not reach the source of the trouble. At best they can only allay pain or reduce inflammation; such treatment is working on symptoms and not reaching the cause. Every nutritive corpuscle in the blood is weakened or infected, they cannot nourish the fibrous tissue around the place, but instead they constantly discharge into the flesh around the sore a quantity of impure, germ-laden matter which gradually eats into the surrounding healthy tissue and causes the ulcer to enlarge. Since impure blood is responsible for Sores and Ulcers, a medicine that can purify the blood is the only hope of a cure. S. S. S. has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity from the blood. While curing the sore or ulcer S. S. S. brings about a healthy condition of the flesh by supplying it with rich, healthy blood, and thus makes the cure permanent and lasting. Book on Sores and Ulcers and any medical advice free to all who write.

SHE'S A QUEEN! SHE'S A SIREN!

is an expression that is always heard at sight of a well developed woman. If you are flat-chested, undeveloped, a sprawny neck, thin, lead arm—remark will never be applied to you. "SIREN" wafers will make you beautiful, bewitching. They DEVELOP THE BUST in a week from 3 to 6 inches and produce a fine, firm, voluptuous bosom. They fill out the hollow places, make the arms handsome and well modeled and the neck and shoulders shapely and of perfect contour.

Send for a bottle today and you'll be pleased and grateful. "SIREN" wafers are absolutely harmless, pleasant to take, and convenient to carry around. They are sold under guarantee to do all we claim or MONEY BACK.

Price \$1.00 per bottle. Inquire at good drug stores or send DIRECT TO US.

FREE. During the next 30 days only—we will send you a sample bottle of these beautifying wafers on receipt of 10c to pay cost of packing and postage if you mention that you saw the advertisement in this paper. The sample alone may be sufficient if the defects are trifling.

The Heating and Ventilating Problem Solved By the Waterbury System

For Schools, Churches, Lodge Rooms, and Public Buildings

Does away with window ventilation, which is almost as great an evil as impure air. Maintains a uniform temperature all over the room. Eliminates the cold floor problem and the "dread d hot stove," Adds 25 per cent to the seating capacity by removing the plant to the corner. Great saving in fuel bill. Requires no basement. Always under direct supervision. No expense to install. Will burn either wood or coal. Every plant guaranteed to meet the most exacting requirements. No Experiment, Plant in successful operation in Public School of La Grande. Invented by J. L. Waterbury who for many years taught in the public schools, after carefully studying the problem and long experimenting devised and patented the system. Those seated in the farther corner of the room will be just as warm as those sitting near the plant. Can be attached to any flue. Every school district should investigate this system.

M. SNIDER, Agent, LaGrande, Ore.

I have taught in the various schools of the county for the past fourteen years and the knowledge of the improper heating and ventilating conditions caused me to take this agency.
