

# DRILLING

There are several kinds of drilling but the kind the kind that makes the farm pay is the drilling which makes water available. There is no need of a dry farm. The task is not so great as you may think. I have had years of experience and understand the well business thoroughly.

# SECOND ANNUAL PICNIC AT COVE PROVES MECCA FOR OVER 300 GRANGERS

COVE, June 28.—(Special)—Over 300 grangers and farmers assembled at George Millers home in Lower Cove, Saturday, at the annual grange picnic. County Deputy C. D. Huffman, acted as presiding officer of the day. The leading address of the morning was given by E. D. Jasper on "Patriotism" and in a very able manner he traced sectional and national pride from the beginning to the present time. Miss Lillian Holman, a member of the '09 class of the Weston Normal, gave a very interesting oration on "Rural Education." The principal address of the afternoon was delivered by Robert Withycombe, Manager of the Union Experiment station and a member of the National Grange. In his argument he emphasized the necessity of a scientific education for farmers and pointed out the growing tendency of the people to drift toward the farm rather than from it, and stated the most substantial cause of this movement, was the grange. Miss Ethel Redhead, of La Grande, in her oration entitled "Don't be a Knocker" answered much of the criticism against the grange, and emphasized the great work this body is doing along social, educational and political lines. Benj Grout delivered an address, "Why Boy's Leave The Farm," and declamations were given by Messrs Ingram and Roberts of the Cove high school. Excellent music was furnished by the Miller orchestra and choir, the Lantz quartet; duets by Miss Miller and Miss Conley, Jay and Wilbur Shaw, Alex Robertson and Etha Huffman and Mrs. Gray and Miss Miller.

This blended with recitations and double-stunts in dancing by the Miller brothers, made one of the most entertaining and instructive programs given in this vicinity. At noon a good old-fashioned picnic dinner was spread. The members of the Fannie Grange of Cove, served coffee, lemonade and Strawberries, and presented the visiting grangers with souvenir badges of the grange colors. All present expressed their appreciation of Mr. Miller's ability as a host, and went to their many homes much pleased with the success of the second annual grange picnic.

**NOTICE FOR PUBLICATION.**

Department of the Interior, U. S. Land Office at La Grande, Ore. May 24, 1909.

Notice is hereby given that JOHN KOROLL, of La Grande, Oregon, who, on September 29, 1903 made Homestead Entry No. 13261, Serial No. 04028, for SE 1/4 NE 1/4, NE 1/4 SE 1/4, Sec. 7, W 1/2 NW 1/4, section 8, township 2 south, range 38 east, Willamette M., has filed notice of intention to make final 5 year proof, to establish claim to the land above described, before the register and receiver, U. S. Land Office, La Grande, Oregon, on the 12th day of July 1909. Claimant names as witnesses: Francis H. Owsly, John Streber, George Gibson, John Morg, all of La Grande, Oregon.

JOHN W. KENNEDY & CO. CHICAGO, U. S. A. Night and Sundays.

# S.S.S. HEALS SORES AND ULCERS

S. S. S. heals Sores and Ulcers in the very simplest way. It just goes right down into the blood and removes the cause, and the place is bound to heal because the impurities and morbid matters which have been the means of keeping the ulcer open are no longer absorbed from the blood. External applications of salves, lotions, plasters, etc., can never produce a cure because they do not reach the source of the trouble. At best they can only allay pain or reduce inflammation; such treatment is working on symptoms and not reaching the cause. Every nutritive corpuscle in the blood is weakened or infected, they cannot nourish the fibrous tissue around the place, but instead they constantly discharge into the flesh around the sore a quantity of impure, germ-laden matter which gradually eats into the surrounding healthy tissue and causes the ulcer to enlarge. Since impure blood is responsible for Sores and Ulcers, a medicine that can purify the blood is the only hope of a cure. S. S. S. has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity from the blood. While curing the sore or ulcer S. S. S. brings about a healthy condition of the flesh by supplying it with rich, healthy blood, and thus makes the cure permanent and lasting. Book on Sores and Ulcers and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

**SHE'S A QUEEN! SHE'S A SIREN!**

is an expression that is always heard at sight of a well developed woman. If you are flat-chested, with undeveloped, a scrawny neck, thin, lead arm—remark will never be applied to you. "SIP" wafers will make you beautiful, bewitching. They DEVELOP THE BUST in a week from 3 to 6 inches and produce a fine, firm, voluptuous bosom. They fill out the hollow places, make the arms handsome and well modeled and the neck and shoulders shapely and of perfect contour.

Send for a bottle today and you'll be pleased and grateful. "SIREN" wafers are absolutely harmless, pleasant to take, and convenient to carry around. They are sold under guarantee to do all we claim or MONEY BACK.

Price \$1.00 per bottle. Inquire at good drug stores or send DIRECT TO US.

FREE. During the next 30 days only—we will send you a sample bottle of these beautifying wafers on receipt of 10c to pay cost of packing and postage if you mention that you saw the advertisement in this paper. The sample alone may be sufficient if the defects are trifling.

# The Heating and Ventilating Problem Solved

# By the Waterbury System

## For Schools, Churches, Lodge Rooms, and Public Buildings

Does away with window ventilation, which is almost as great an evil as impure air. Maintains a uniform temperature all over the room. Eliminates the cold floor problem and the "dreaded hot stove," Adds 25 per cent to the seating capacity by removing the plant to the corner. Great saving in fuel bill. Requires no basement. Always under direct supervision. No expense to install. Will burn either wood or coal. Every plant guaranteed to meet the most exacting requirements. No Experiment, Plant in successful operation in Public School of La Grande. Invented by J. L. Waterbury who for many years taught in the public schools, after carefully studying the problem and long experimenting devised and patented the system. Those seated in the farther corner of the room will be just as warm as those sitting near the plant. Can be attached to any flue. Every school district should investigate this system.

**M. SNIDER, Agent, LaGrande, Ore.**

I have taught in the various schools of the county for the past fourteen years and the knowledge of the improper heating and ventilating conditions caused me to take this agency.
