BUILDING NEW DEPOT

PENDLETON, June 29.—The first dirt was turned this morning in the work of erecting the new O. R. & N. depot when a crew of laborers were put to work making the changes in the tracks which the new depot demands.

The tracks now being changed are those on the north side of the depot. A part of the one next to the platform is being moved out and a part of the second track is being moved in so that the two can be united, leaving only one track on this side of the station.
