The wise men of today are those who on the slightest trouble with their eye sight have that trouble investigated by a reputable optician.

Many an wearing glasses today could have had his trouble remedied by the wearing of glasses for a short period—if he attended to it in time.

INSTRUCTION CAR GOING

After remaining here for two weeks, and supplying such instruction to railroad men as could be received in no other way, the I. C. S. airbrake instruction car will leave tomorrow morning for Kamela for another instruction course to those on the helper service who could not come to La Grande. The car will be taken out on No. 11 tomorrow.

The last series of addresses and lectures will be given this evening. During the stay here, every lecture has been well attended and much knowledge about air brakes has been acquired in two week's time. During that period, the men in charge of the car have raised the standard of air brake equipment here.

What Are You Worth From the Neck up?

The ordinary unskilled laborer is worth from \$1.50 to \$3.00 per day from the neck down. If you are capable of doing head work—planning and directing the work of others, your services are worth from \$4.00 to \$10.00 per day upwards. Two fifty to seven dollars a day represents the difference from a financial standpoint between the trained and the untrained worker, or in other words if your value lies from the neck up, or neck down.

Many a man, who today is down in the mire of over work and under pay, with a course of training such as the I. C. S. is able to give, would become a leader in his chosen work. If you are ambitious and willing to utilize your spare time for advancement, drop me a line and tell me something of your ambition and what you would like to prepare for. The I. C. S. will meet you more than halfway. You are putting yourself under no obligation by writing us and we are willing to give you every opportunity of investigating our methods and after it has been explained to you, act on your own judgment.
