

THE GLORIA

SHOE

The snug, comfortable fit of a Pingree Oxford is a delight. Not off and on, but on all the time. Wearers of Oxfords and Pumps will appreciate this feature. Stand squarely on your determination to get a shoe that fits you. It is the most important consideration in selecting any shoe. A poorly fitting shoe will be a short lived shoe and an unsteady one for the better part of its short life. If you have had difficulty in getting a perfect fit in a shoe that possessed style try a pair of the Gloria \$3.50 Shoes.

TOOLS STILL DELAY WORK

The surveying instruments, which were supposed to arrive from Portland this morning, did not arrive and therefore Engineer Darley did not commence his work of surveying the south ditch line as was intended. The tools are all that is holding them back in pushing that portion of the work to completion. However, they are expected on the next train, and then work will commence at once.

TWO CHECKS WERE FORGED

Fred Gaskell's and another man's name, who Mack Wood, manager of the Golden Rule refuses to divulge, have been forged to checks on local banks recently, and cashed by the Golden Rule, according to facts just come to public light. The Gaskell check was issued on June 18, for \$18, and the other check issued several months ago, was for \$25.

While it may be possible, it is not believed that the field of the pen artist has covered a large territory, especially as the amounts were so small.

G. A. R. WILL LEAD MARCH

Arrangements have been made, but not given publication, for placing at the head of the monster parade next Monday morning, all available members of the G. A. R. These old soldiers, will give an appropriate color to the day's event, and though no militia will escort the old fighters along the course of the parade, they will be an extremely fitting advance guard for what is to follow.

CHATTIN STILL FREE

Charles Chatten, who was accused with Guy Hobson of stealing two head of cattle from L. Billings, of Imbler, is still at large today, and it is evident that he has left the country entirely. The officials in other counties have been notified and they will probably nab him before many days. Hobson waived examination and was placed under a \$500 bond to await the action of the grand jury.

Says Mines Look Good.

Frank W. Bonner, of Greenhorn, arrived in the city yesterday for the purpose of celebrating the Fourth of July here and visiting his many friends and acquaintances. Mr. Bonner is a miner in the Greenhorn district and says that the mines of that section are looking fine and that a great deal of development work is being done this summer. Several of the prominent mines of that section have been sold to eastern parties this spring and that the new owners are making great improvements and getting ready for a season's work of great activity.

Calumet And Hecla Merger.

BOSTON, July 2.—At today's annual meeting of the stockholders of the Ahmeek Mining Company, it was announced that a majority of the company's stock is now controlled by the Calumet & Hecla Mining Company.

E-RU-SA—THE ONLY LAWFUL PILE CURE.

Because it does not contain narcotics, mercury, cocaine, lead or any poisonous drugs. Because E-RU-SA cures piles. U. S. Dispensary recommends every ingredient of E-RU-SA. Drug laws make "false misleading statements" a crime. Therefore the sale of all old or cotic pile medicines is illegal because they effect the brain and marrow; produce constipation and never cure. Only drugstore highest standing sell and endorse E-RU-SA.

A fast and furious game promised. Game called promptly at 3 o'clock.

Olympia Solons Adjourn.

OLYMPIA, July 2.—The legislature adjourned this afternoon after a morning spent in accomplishing nothing. Cox introduced a bill which passed the senate, creating a revolving fund to meet the operating expenses of the state rock crushing plants. It was referred to the house committee. The senate will meet on July 14th, to resume the impeachment trial.

(Continued from page 1.)

to the public from him is, "come and see too."

After the crowds have cleaned away the decayed and unsightly portions next Friday, there will be a natural park such as Portland, San Francisco, Seattle, Chicago or any other city would rave over. By damming the Grande Ronde, a boating place resembling in size about three La Grande blocks, will be provided, and in addition to this there will be several lagoons formed in the park itself when the water is raised. Boats will be able to cross and recross, zig zag through the park, under most continuously a thickly netted bower of foliage. No artist could work out in his own mind a more picturesque place.

There will be two entrances to the park, one of them at the end of the Proebstel bridge where the road yet to be prepared will wind itself between huge trees that have stood for centuries and will stand for years to come yet, for no axe or no woodsman would dare, or be so cruel as to hew down one of these monarchs of the forest—as sentinels to the finest park in Oregon.

Worth a Visit.

It is worth it to visit the park site. Those who go without guides, and the park ladies will be glad to supply one, it is a simple matter. At the north end of the second bridge turn abruptly to the right and wander over an area of 14 acres and view what is now a rough wood, but is soon to be a park filled with tiny lagoons, secluded streams and grassy plots. Try it, it will do your heart good, and instill even greater interest in the project than is now prevailing.

Merchants! Save \$10,000

In 1907 the Merchants of Oregon saved over \$10,000 by carrying a part of their insurance in their own company, the Oregon Merchants Mutual Fire Assurance Association, of Dayton, Oregon. In 1908 they will save \$15,000. During the same period their neighbors were handing over \$1,500,000 in profits to outside companies

In the Oregon Merchants Mutual you get: INSURANCE AT COST A LIMIT TO YOUR LIABILITIES PROMPT SETTLEMENT OF LOSSES

W. OLIVER, Agent

DRILLING

There are several kinds of drilling but the kind the kind that makes the farm pay is the drilling which makes water available. There is no need of a dry farm. The task is not so great as you may think. I have had years of experience and understand the well business thoroughly.
