

But little mouths don't care, so long as they feel the delicious coolness of our tempting ice cream. Children are fond of it, but what of their elders—especially the ladies? Very few ever decline the invitation to partake of a sure dish of our excellent cream. Take a box of this "Frozen Gladness" home with you.

An Ideal Cough Medicine.

"As an ideal cough medicine I regard Chamberlain's Cough Remedy first class by itself," says Dr. R. A. Wiltshire, of Gwynneville, Ind. "I take great pleasure in testifying to the results of Chamberlain's Cough medicine. In fact, I know of no other preparation that meets so fully the expectations of the most exacting in cases of croup and coughs of children. It contains no opium, chloroform or any other dangerous drug. It is a safe, pleasant and efficacious remedy for the ill it is intended. For sale by all good dealers."

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S.S.S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S.S.S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

SHE'S A QUEEN! SHE'S A SIREN! is an expression that is always heard at sight of a well developed woman. If you are flat-chested, with breasts undeveloped, a rawny neck, thin, leaden skin—remark will never be applied to you. "SIP" wafers will make you beautiful, bewitching. They DEVELOP THE BUST in a week from 1 to 6 inches and produce a fine, firm, voluptuous bosom. They fill out the hollow places, make the arms handsome and well modeled and the neck and shoulders shapely and of perfect contour.

Send for a bottle today and you'll be pleased and grateful. "SIP" wafers are absolutely harmless, pleasant to take, and convenient to carry around. They are sold under guarantee to do all we claim or MONEY BACK.

Price \$1.00 per bottle. Inquire at good drug stores or send DIRECT TO US.

FREE. During the next 30 days only—we will send you a sample bottle of these beautifying wafers on receipt of 10c to pay cost of packing and postage if you mention that you saw the advertisement in this paper. The sample alone may be sufficient if the defects are trifling.

The Heating and Ventilating Problem Solved By the Waterbury System

For Schools, Churches, Lodge Rooms, and Public Buildings

- Does away with window ventilation, which is almost as great an evil as impure air.
- Maintains a uniform temperature all over the room.
- Eliminates the cold floor problem and the "dreaded hot stove."
- Adds 25 per cent to the seating capacity by removing the plant to the corner.
- Great saving in fuel bill. Requires no basement. Always under direct supervision.
- No expense to install. Will burn either wood or coal.
- Every plant guaranteed to meet the most exacting requirements.
- No Experiment. Plant in successful operation in Public School of La Grande.
- Invented by J. L. Waterbury who for many years taught in the public schools, after carefully studying the problem and long experimenting devised and patented the system.
- Those seated in the farther corner of the room will be just as warm as those sitting near the plant.
- Can be attached to any flue. Every school district should investigate this system.

M. SNIDER, Agent, La Grande, Ore.

I have taught in the various schools of the county for the past fourteen years and the knowledge of the improper heating and ventilating conditions caused me to take this agency.
