MAN'S LIFE MENANCED BY VERY DANGEROUS PRANK

Four thousand volts of electricity last evening seriously menaced human and animal life as the result of a dangerous prank played, evidently by some hoodlums who centered their efforts in the vicinity of Osbourne and 17th streets, near the George A. Kies residence. Someone, presumably boys, who have no care for human life or regard for property, loosed the windlass which holds the cable suspending the large arc lights. The lamp must have fallen with a terrific crash for when examined, there was little left of it. An automatic shutoff turned the current through the part of lamp frame well secluded by heavy isolation.

Dryness a Blessing.
Nothing but fortune can be re-

sponsible for the lives of several who rode in a vehicle over the lamp while the electricity was yet coursing through it. The man, identity unknown, drove his team unknowingly into the mess, and when the horses and buggy alike became tangled in the meshes of wire, he alighted and tugged and pulled at the wires to clear a passage way. How he failed to touch unprotected parts of the lamp and meet instantaneous death, is a miracle. It is clearly a case of dryness of soil and atmosphere which saved the man's life.

Every effort will be made to run the culprits to earth as this is the second case where arc lights have been meddled with. It is dangerous pastime.

FEGLIES WILL PITCH TENTS

OPEN SUMMER BARRACKS AT HANDLEY RANCH.

Six Husky Damsels Will Brave Dangers of The Night For a Week.

Fegles are maneuvering this afternoon in anticipation of bivouacking at the Mrs. Handley residence on the shores of the Grande Ronde river north of the city, and for the next week will establish sleeping, lunch and breakfast quarters in a specially prepared tent in the rear of the Handley house. There are 6 brave ones in the party, or rather there will be the "6" is the terrible name is coming from Pendleton in the near future to complete the sextet.

Wagon loads of edibles, toilet ar-

ticles, and a few sleeping necessities have been trucked to the Handley farm this afternoon and tonight five feminine brave hearts will throb in perfect peace, for the girls have ordered a young arsenal constructed in front of the tent. Each member of the party will carry a carbine when in barracks, and in daylight will leave the tent to the care of itself.

The girls to compose the outing are Misses Leon Wade, Frances Massae, Gertrude Ralston, Ethel Gulling and Edna Wissler and Georgia Stewart of Pendleton, when she arrives.

High Average Shoot.

This is the last week of prize shooting at the indoor rifle range. The best average in three scores to win. All prize scores 10 cents.

E-RU-SA—THE ONLY LAWFUL PILE CURE.

Because it does not contain narcotics, mercury, cocaine, lead or any poisonous drugs. Because E-RU-SA cures piles. U. S. Dispensary recommends every ingredient of E-RU-SA. Drug laws make "false or misleading statements" a crime. Therefore the sale of all old or narcotic pile medicines is illegal because they effect the brain and spinal marrow; produce constipation and never cure. Only druggists of highest standing sell and endorse E-RU-SA.
