REVOLT GROWS WORSE DAILY

BARCELONA CENTER OF STRIFE

FIGHTING RENEWED TODAY

REBELS CONTROL SITUATION IS RUMOR TODAY.

MANY EXECUTIONS IN BARCELONA

Trouble Expected to Break Out in Madrid Again.

HERDAY, France, August 2.—Brief reports from Barcelona today indicate that the conditions are the most serious and that the rebels are holding their own against the government troops. The officials report that "Barcelona is quiet," is issued on the facts that certain districts of the city is controlled by the troops. The rebels are active in other portions of the city and lawlessness reigns in a much larger territory than that controlled by the government troops.

Fighting was renewed in the outer portions of the city early today and the death list is said to be heavy. It is reported that 3,500 have been killed around Barcelona, alone, and this report is believed to be true. In other cities in the province of Catalonia the death list is proportionately as heavy. Moore victories for the Moors who are besieging the city of Modilla has

been reported to say and the Spaniards are reported to have lost heavily. The trouble at Madrid, where a mob hissed the King a few days ago, is anticipated and the rumor that a general strike similar to that in Barcelona reached here today. Hundreds of rioters have been arrested in various cities throughout Spain. A large number of executions took place in Barcelona today.

Divorce is Granted.

Judge J. W. Knowles, in the circuit court today handed down a decree which annuls the marriage vows of Mr. and Mrs. Sigmund Edmunds. The custody of a minor child is vested in the care of Mrs. Edmunds.

CONDUCTOR OF TRAIN MISSING

TWO OF INJURED MAY DIE

THOMAS BADLY SHAKEN UP

MUST REMAIN IN HOSPITAL FOR TWO WEEKS.

CORONER INVESTIGATING ACCIDENT

Living Conductor Can't Be Found in Spokane Today.

SPOKANE, WASH., Aug. 2.—Conductor Cook in charge of the extra Spokane Inland train that crashed into a regular near Coeur d'Alene, Saturday evening, killing 12 and injuring 75, is reported missing today.

D. C. Campbell, the motorman on the extra, is still alive but is very weak. He can't account for the collision, except that he understood the order for a meeting to be five miles further. Two of the injured are likely to die.

The coroner at Coeur d'Alene is investigating the catastrophe.

Word has been received here today that Roundhouse Foreman Ed Thomas who was hurt in the terrible wreck at La Crosse, near Coeur d'Alene last Saturday evening, sustained no broken bones, but that he will be unable to leave the hospital for something like two weeks. His injuries have been described as contusion of the body, and though his wife and children have been called to his bedside, it is not believed there is any danger of fatality.

The fact that no bones are broken will be responsible for more prompt recovery, perhaps, and the internal injuries will be quick in straightening themselves out.

Much alarm has been felt here, as little or no information as to the extent of the bruises, could be ascertained, until L. Remillard arrived on the scene with Thomas' family, and informed friends in La Grande by wire.

Another victim of the wreck from Union county over whom alarm has been felt, is Alex Gordon, the genial employee of the Palmer camps on the Looking Glass. Local Elks have wired for information. The telegram was sent yesterday morning, but no answer came until noon today.

Elgin Disappointed. ELGIN, August 2.—(Special)—Elgin was ready to depart for Union yesterday morning when word came that the team was not intact at Union. Elgin has seldom had a better team than yesterday. A new short stop graces the lineup, and it was the general opinion that Elgin never had a better lineup than yesterday. There was a deep disappointment at the sudden call off of the game.

YEGGMAN SHOOT AT TRAIN CREW

SUSPETS NABBED SUNDAY

WALDEN HAS A CLOSE CALL

MAY BE SAME GANG THAT DID HOLD-UP HERE.

BRING PRISONERS HERE TONIGHT

Bullets Whiz in Close Proximity to Train Crew.

Gun plays and narrow escapes from death at the hands of bold yeggmans are the harrowing escapades experienced by a train crew which left La Grande Friday night, headed west, according to information given the local police, and which is now the center of attraction in police circles. Student Fireman Waldon was the first man to run into the yeggmans, who are thought to be the same gang which held up three hoboes in the local yards last Friday night and relieved them of all their valuables before locking them up in a car for the night.

According to the story told the police, Waldon who was running as a student fireman, had started back while going down the hill from Kamela. On a runboard on one of the cars, lay a man, whom Waldon thought to be an ordinary hobo. He ordered the fellow off the runaway, but a curse and a command to walk around him was the only response. Waldon went back to the caboose and Drakeman McShea came up to investigate. Useless parlay of words followed. Then McShea armed himself with a break club, and went up again.

The spokesman of the party, a big lubber, drew a revolver, and with curses ordered the brakeman to "git." He got, but in the flight across the

OUR CONSTANT EFFORT IS TO MAKE THIS A STORE WHERE THE IDEA OF QUALITY IS AT ALL TIMES PARAMOUNT.
