The wise men of today are those who on the slightest trouble with their eye sight have that trouble investigated by a reputable optician.

Many an man wearing glasses today could have had his trouble remedied by the wearing of glasses for a short period—if he attended to it in time.

## SEVERAL MAY ATTEND

Several grand army men of this city are planning on attending the national encampment at Salt Lake this month. The big event occurs on the 14 of August, and if any of the local post are going to attend, they will soon have to come to a definite decision. While several are discussing the trip Commander Faulk reports that none have yet signified their definite intentions. In view of the fact that the encampment is so near, it is more than likely that some will go from here.

### Wheat Prices Drop.

Another drop of one cent in the wheat market is reported by Pendleton buyers today, says the E. O. This brings the price down to 83 cents per bushel for club. Other kinds are slightly higher.

Very little grain is changing hands at these prices but some sales are reported. The largest sale reported so far was the G. M. Morrison crop at Adams. This consisted of about 10,000 bushels and was purchased by the Galfour Guthrie company at 84 cents.

The same company also purchased the Ben Marquis crop of about 3999 bushels. This grain was smutty and the price paid is said to have been 80 cents.

Owing to the disagreement between the warehousemen and the farmers, the latter have almost entirely ceased hauling grain. Some few are stacking their wheat in the field, but the greater majority of them are leaving it where dumped by the combines. What the result will be is hard to determine.

Meanwhile harvest is now on in full blast in every part of the county and the crop will soon be in the sacks.
