KEYS WILL CONSTRUCT ANOTHER FLYING MACHINE

Grant Keys, the aeroplane inventor, who several years ago, before going to Panama, built and experimented with a machine in advance of the Wrights' machines and which resembles Wright aeroplane in the chief aspects, will again take to aviation when he completes his present task of sinking an oil well at Nyssa and other points in the Eastern Oregon oil fields.

He is positive that he can perfect a machine, for he has ideas about flying machines which he has not seen used by other aviators. Keys was perhaps the premier aviator on the coast, when several years ago, he made short but successful flights near Morgan lake, where wrecks of his machine can still be seen.

While he has set no exact date on commencement of his new machine, will be just as soon as other duties relax in importance, so that he can work uninterrupted on the new scheme.

The man who can keep his promises establishes the best kind of a reputation.

ONE ROLL FINISHED.

Assessor Progressing Rapidly With Tax Roll for 1909.

The first leg of the task of making out the tax roll has been completed by Assessor Rinehart. Much ambiguous work formerly attached to the tax roll, has been eliminated and when the roll is once made out in the assessor's office it is permanent.

Mr. L. H. Farnham, a prominent druggist of Spirit Lake, Iowa, says: "Chamberlain's Stomach and Liver Tablets are certainly the best thing on the market for constipation. Give these tablets a trial. You are certain to find them agreeable and pleasant in effect. Price, 25 cents. Samples free. For sale by All Good Dealers."

TRAIN LEAVES A BRAKEMAN

BRAKEMAN COX TRUDGES SEVERAL MILES ALONE.

Sent Back to Flag, But Train Pulls Out Without Him.

A passenger brakeman, Cox, on the first train from the East last evening, was unintentionally "ditched" several miles from Pleasant valley, and enjoyed the moonlight stroll from the point where he was left by his passenger train to Pleasant valley. Cox had been sent out to place signal lights and when about a quarter of a mile from his train, was called in by the engineer's whistles. Passengers say the train was started before the brakeman could return, and he was left out in the jungles all by his lonesome. The heavy train was "worked" from there on to Pendleton by the conductor and one brakeman, much to the inconvenience of both.

The Troubadors.

The Dixie Troubadors are coming to town with another swell show in the two-act comedy creation, "A Trip to New Orleans." This company has been so in the habit of doing things, that a mere announcement of its performance in any city is sufficient to pack the house to the doors. It is one of the most popular and successful road companies in America, and can always be relied upon to give a tip-top show. All the music is spick-brand-new this season, the fun and comedy in "A Trip to New Orleans" has new laugh provoking sayings and situations and is of a kind that will make you sit up and take notice. Sarah Green appears in the leading role as the prima dona of the company in which she is so capable of doing. Geo. Taylor, that greatest of all colored comedians has the star comedy role and as "Silas Green" is making the hit that he justly deserves. They will appear at the Steward Opera house, one night, Monday, August 16.

For Sale.

Have You a Summer Stove?

The stifling air of a close kitchen is changed to comfortable coolness by installing a New Perfection Wick Blue Flame Oil Cook-Stove to do the family cooking.

No kitchen furnishing is so convenient as this stove. Gives a working heat at once, and maintains it until turned out—that, too, without overheating the room. The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is built with a CABINET TOP just like a steel range. It is the most convenient stove ever made, and is almost indispensable to summer comfort. From its powerful burners to its handy racks for towels it is simply PERFECTION. Three sizes. Can be had either with or without Cabinet Top. Ask your dealer, or write our nearest agency.

The **Rayo Lamp** is a very handsome piece of housefurnishing and gives a clear, powerful light more agreeable than gas or electricity. Safe everywhere and always. Made of brass finely nickel-plated—just the thing for the living-room. If not with your dealer, write our nearest agency.

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acrid humors with which it is filled. Into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acrid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.
