THE HARVEST ABOUT ELGIN.

Yield is Larger Than Usual, Conditions Fair, and New Machines.

The harvest yield for this year promises to be the very best in all the history of Union county. Many new and larger machines have been brought into the vicinity to care for the immense crop, and every available machine will be kept running until late in the season, to care for the golden harvest. Practically all of the fall-sown grain has been cut, binders and headers having been running for several weeks. So far no correct accounts have been received as to the extent of the season's yield hereabout, but locally every product of the farm gives promise of an extraordinary large yield.—Elgin Recorder.

SEVEN AFTER LICENSES

With seven applications for near beer licenses already filed with Recorder Cox and at least one more to come of the one who is farthest from expiration presents another application, the council will have a rather delicate task to perform. A standing resolution provides for only six near beer joints. If the resolution stands, someone will have to dispense with selling the fluid.

Those who have applied for licenses are: E. Thorson, Grant Lincoln, Ulrich Lottes, L. Remillard, Chris Wright, Julius Fisher and James Farquahason.

It is also license time in many other vocations. Drays, poolrooms and show houses will soon be due.
