# SHRINERS AT BAKER

QUITE A FEW FROM HERE TO BE IN ATTENDANCE.

Planned to Have The Biggest Time Yet at Baker City.

Quite a number of the local Shriners are preparing to attend the grand lodge at Baker City on the 22nd of September. Several from here will be initiated into the Mystic Shrine, and several are going just to see the sight. Quite a few from Union will also be in attendance. They will probably join the Portland special here and proceed to Baker with the Portland Shriners.

It is announced from Portland that so extensive are the preparations which the Baker City Knights and Shriners are making for the annual conclave of the Grand Commandery and the special ceremonial session of the Al Kader temple, and so genuine the evidence of hospitality displayed, that the committee in charge of the affair has announced that one whole day shall be spent in the far eastern Oregon city, after the fraternal features are over.

This means that the special train conveying the pilgrims to Baker City will leave Portland Wednesday evening, September 22, arriving at the oasis Thursday morning, and will not return to Portland until Friday night. The labors of the Grand Commandery will be concluded Thursday afternoon after which there will be evolutions by the drill corps of Oregon Commandery, in charge of Commandant Robertson, which now holds the banner, and is prepared to hold it against all comers.

In the evening the Shriners, led by an Arab patrol of Al Kader Temple, under command of William Davis, will parade and at the ceremonial session about 100 novitates, eager to become full-fledged Sons of the Desert, will be formed in caravan and escorted across the caloric sands of the Sahara to that bourne whence emanates the sonorous chant of the Muezzin. Friday will be given up to the entertainment of the visitors by the Sir Knights and Shriners of Baker City. The Shriners class will be composed of recent accretions to the commanderies of Baker City, La Grande, Pendleton, The Dalles and Hood River.

## UMATILLA CROP SHORT

Threshing operations in Umatilla county have advanced at a rapid rate within the past 10 days and it is thought that the most of it will be done by the last of this week or the middle of next, says the Pendleton Tribune.

It is now estimated by grain dealers and conservative farmers, that this county will have about 70 per cent of an average crop this year or a crop for the entire county of something like 3,500,000 bushels of wheat.

In some places in the county the yield has been above the average and in other places the wheat has been so poor that farmers have not even cut it and it remains standing in the fields. The heaviest losses will fall on the small farmer and homesteader, who are placed in such a position that they will have to be carried through another year.

Frank Rogers, the representative of the Kerr-Gifford company in this city, now estimates that almost one-fourth of this year's crop has been sold and at an average of 80 cents a bushel. The general tendency of the wheat market has been downward for the past 10 days and at this time farmers are not selling at the present prices and it is said that they will not do so. Club wheat was quoted yesterday at 76 cents for the local market, or one cent off from Tuesday's quotations.

The Observer telegraph news service gets the news.

## We Want Your Wants IN Our Want Ad Column

HARDWARE, STOVES AND BUILDING MATERIAL.

## DEPOT PARK IS RUMORED

Rumors are loose that the O. R. & N. is arranging plans as to the architecture and the park improvements that are to be made here when the new depot is completed next summer. These rumors state that the new depot will be set back something like 10 feet farther from the tracks as compared with the site of the old one. They will also construct a cement platform between the depot and the main line and the vacant lot towards town from the depot, owned by the railroad company, will be parked and a beautiful lawn laid out with a fountain and pretty flower beds. As soon as the city breaks the ice on the paving question and actual work commences for the paving of the streets of La Grande, the company will come to the front and do its share with alacrity. The part of the street from depot and facing Jefferson avenue, will be paved by the company and their abutting quarter of the street intersection will receive due improvements. Rumors go on to say that the officials at Portland appreciate La Grande as a paying center for the road and that there will be plenty of improvements for this city in the near future.

The brick for the new depot has been contracted for and actual work will commence as soon as the construction crews finish the Pendleton and Baker City depots.

If the rumors in regard to the parking of the vacant lot are carried out, the wishes of the Commercial club will be fulfilled, as it petitioned the railroad company to do this some time ago.

WANTED—A girl to do general house work. Call at the Electric Light office. (A-20-1f)
