is made on such perfect lines that few alterations are required. If any should be necessary, we have an expert tailor who can make the changes "in a jiffy."

This lady has had years of experience in altering jackets and skirts for some of the largest ladies' suit establishments in the east and west—such as Chas. A. Stevens & Bro., Chicago and Meier & Frank, Portland—and understands every detail of this part of the business. The high quality of garments of this make is an assurance of satisfactory wear.

As to the styles—well, if you'll come here, we can soon convince you that they are exactly what you want.

Price, too, is an object, but be sure that for the price you pay, you secure the very best value and that outside appearance is not all you pay for. When you select a "Palmer Garment," the question of quality is settled before you buy.

We show above a few of THE NEW FALL STYLES which will give you some idea of the elegance and graceful lines of these garments. The best way, though, is to call and see the "real things." We will take much pleasure in showing them to you whether you wish to buy or not.
