

The Best Time to Buy

Coats and Suits

IS RIGHT NOW WHILE THE STOCKS ARE LARGE AND YOU CAN SECURE CHOICE AND QUICK DELIVERY FROM A GREAT NUMBER OF DESIRABLE GARMENTS. RIGHT NOW WE HAVE YOUR SIZE AND CAN DELIVER THE GARMENT AT ONCE. THE PROBABILITY IS THAT YOU'LL NOT HAVE TO WAIT A MINUTE FOR ALTERATIONS.

THE PALMER GARMENT

Is made on such perfect lines that few alterations are required. If any should be necessary, we have an expert tailoress who can make the changes "in a jiffy."

This lady has had years of experience in altering jackets and skirts for some of the largest ladies' suit establishments in the east and west—such as Chas. A. Stevens & Bro., Chicago and Meier & Frank, Portland—and understands every detail of this part of the business. The high quality of garments of this make is an assurance of satisfactory wear.

As to the styles—well, if you'll come here, we can soon convince you that they are exactly what you want.

Price, too, is an object, but be sure that for the price you pay, you secure the very best value and that outside appearance is not all you pay for. When you select a "Palmer Garment," the question of quality is settled before you buy.

We show above a few of THE NEW FALL STYLES which will give you some idea of the elegance and graceful lines of these garments. The best way, though, is to call and see the "real things." We will take much pleasure in showing them to you whether you wish to buy or not.

A Modern Music Course.

In presenting the Burrows course of music study for children, either in class work or private tuition, a teacher of music is offering the very latest thought in music teaching. The course extends over 120 hours and some of the subjects taught are meter, rhythm, notation, terminology, elementary theory—subjects that have hitherto been considered far too abstract for children to understand. But in the modern way each one is taught in so concise and definite way, that a child graduating from the Burrows course is farther advanced in music and better equipped for the further study of it than a child studying three years in the old way. The work is replete with songs, games, drills and blackboard work and the pupils look forward to their lessons with charmed anticipation.

It appeals to a child's intelligence and reasoning faculty from the very first lesson, acquaints them with the best in musical literature and history, stimulates a real love for music and in short lays the foundation for a thorough musical education.

THEY ARE UNFORTUNATE

In most cases for having some eye defect. Most of them show no other sign of eye trouble, and grow up to **MANHOOD AND WOMANHOOD**, dull and stupid, never knowing that their eyes alone made them averse to study and activity.

Declaration Day.

Plans have been laid by the congregation of the Central Christian church for a proper observance of Declaration Day, next Sunday in commemoration of the centennial of the "Declaration and Address" by Thomas Campbell, one of the founders of the present-day movement to restore primitive christianity and the Christian church in its simplicity and purity as given to the world by Jesus and the inspired apostles. This day will be observed by the million and a half of rangers to have a splendid array of lectures. The topics of the sermons that will be preached by the ministers on that day will be, in the morning, "Where the Scriptures Speak, We Speak, and Where the Scriptures are Silent We are Silent," and in the evening, "A Generation of Bible Students." Without a doubt the best place to get all kinds of vegetables, strawberries, cherries, oranges, bananas and lemons, is at the Geddes Grocery; they have the best and the freshest; and should you want nice crisp sweet or sour pickles, just call them up; and don't forget that 25c coffee, it takes the place of your 40c coffee. Just a shipment of Swifts ham and bacon.
