The turning point has arrived and the evenings will grow longer.

Vice-President Sherman should make a tour of the west next, or we may forget him altogether.

Unless the grand jury furnishes material to work on, the criminal docket at the coming session of the circuit court will be very light.

The city scales are becoming more popular each month. It is no uncommon sight to see several wagons waiting their turn to be weighed.

While the bulk of our grain has been harvested the hum of the thresher will be heard in different portions of the valley for at least three weeks yet.

Since both American heroes, Dr. Cook and Mr. Peary are now within reach of the reporter we may expect several spirited interviews during the coming weeks.

The next rustle for men and teams will be to harvest the beet crop and the campaign at the sugar factory. When it comes to a variety of large payrolls, Multnomah county is the only county in the state that leads Union county.

In view of the fact that hardly a daily can be scanned over which does not contain an auto accident, it speaks well for the owners of the many automobiles in Union county to note that not one single serious injury has ever been chronicled in this county.

It would require a very slight rise in the price of wheat to cause the great bulk of the Union county crop to pass out of the hands of the growers. Few sales are reported at present prices however.

Pasco is enjoying a genuine building boom, and it is expected that it will continue throughout the winter. Lumbermen say they are flooded with prospective builders, and are kept busy figuring bills of lumber for prospective builders.

Those who are in touch with the prices of land elsewhere are often heard to remark that land in Union county is too high. A short tour of inspection would soon eradicate this delusion. Land in Union county is much lower than in almost any other locality on the coast.

of this city, who owns 360 acres of good land on the Sandridge yesterday refused \$36,000 for his farm and refused, giving as his reason that his farm was now paying six per cent interest on this investment and that within five years he was certain that he could get \$125 per acre. Few there will doubt his judgment.

The water man and the ice man has had his inning and now the electric light man and the fuel man begin on their harvest.

The Commercial club of Pendleton has been asked to join with other Commercial clubs and organizations in an organized movement to get the O. R. & N. railroad company to put back the Portland-Pendleton local train on the regular schedule.

The additional premiums offered for fancy articles should result in a large display. This class of goods will be exhibited in the large commodious building commonly known as the skating rink, which insures the best of protection.

Washington avenue from this time on will be the scene of activity until the closing of the Union County Exposition. Until October a large number of mechanics will be employed getting everything in readiness for the big fair.

If the suggestion of Mrs. Rynearson is carried out, one of the interesting features at the Union County Exposition will be the exhibit of photographs of the pioneers of this and Wallowa county. It will bring back many pleasant memories of the early days of this country.

ODD FELLOWS PARADE.

Ten Thousand Members in Marching Line at Seattle Parade.

SEATTLE, Sept. 22.—Probably the largest fraternal turnout in the entire Northwest was witnessed here today when the Odd Fellows paraded the streets. SHOES

Shoes that Fit--Shoes that Wear

Footwear is our exclusive business. All of our energies and years of experience is centered in this one line. We are not satisfied simply to make a sale. We want to fit your feet. You want your children's feet properly fitted. Many a boy and girl has lagged behind in their studies, if the truth were known, simply because their feet were not properly fitted at the beginning of the school year. It costs you no more to secure the special attention we bestow than it does elsewhere, in fact, buying as we do direct from the manufacturers, we can save you money.
