Resolution of condolence, 5c a line.

Dr. W. T. Hornaday of New York city has been in Kallispell, Mont., for several days and has, in the interests of the American Bison society, of which he is secretary, succeeded in purchasing 37 of the buffalo from the Conrad herd, and as soon as the necessary fencing can be completed upon the bison reserve that was recently selected from the Flathead Indian reservation, the animals will be crated and shipped.

In order to stimulate interest in the afternoon meeting for men, the Rev. Thomas W. Cook, rector of St. Andrew's Episcopal church of Dayton, Ohio, announces that he will permit smoking during service. Invitations have been sent broadcast, asking the men to attend the meetings, bringing their smoking material—either pipes or cigars—along. The Rev. Dr. Cook's congregation is encouraging the movement.

The Pacific northwest will receive in another week a visit from one of

the most distinguished groups of railway men in the United States. Immediately after the annual meeting of the Chicago, Milwaukee & St. Paul Railway company in Milwaukee, President Earling and a number of the directors of that line are scheduled to start on an inspection trip over the Pacific coast extension.

**THROW OUT THE LINE.**

Give The Kidneys Help And Many La Grande People Will be Happier.

"Throw out the Life Line"—They're overworked—can't get the poison filtered out of the blood. They're getting worse every minute. Will you help them?

Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair.

Will cure any form of kidney trouble.

Mrs. J. T. Galloway, C st., Elgin, Ore., says: "In view of the benefit I derived from Doan's Kidney Pills, I can only speak of them as being a reliable remedy for the kidneys. I used them principally for a severe pain across my back, which had annoyed me for some time. The results that followed the use of the first box were so satisfactory that I continued taking the remedy until my back was free from pain. I cheerfully recommend Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

**Shoes that Fit---Shoes that Wear**

Footwear is our exclusive business. All of our energies and years of experience is centered in this one line. We are not satisfied simply to make a sale. We want to fit your feet. You want your children's feet properly fitted. Many a boy and girl has lagged behind in their studies, if the truth were known, simply because their feet were not properly fitted at the beginning of the school year. It costs you no more to secure the special attention we bestow than it does elsewhere, in fact, buying as we do direct from the manufacturers, we can save you money.

**A WONDERFUL INVENTION OF MODERN TIMES—COOKS WITHOUT FIRE**

And it is FREE to Customers of our store--Saves Fuel--Labor  
**WORTH \$10.00 BUT GIVEN AWAY ABSOLUTELY FREE BY US**

FIRELESS COOKERS and the art of fireless cooking is old, having been used in Norway and the old world, ages ago—the only difference is that our cooker is built scientifically for all practical purposes. The cooker retains the delicate flavor of the food, otherwise lost in constant boiling—it retains the sweetness of cereals, soups, meats—in fact anything that can be boiled, may be evolved from the Cooker.

THE SCIENTIFIC COOKER IS SANITARY—clean. Construction is as follows—case is made of dovetailed—select—Kiln dried gum wood. This is stained a black mission—it is then waxed, after waxing, the case is oiled and rubbed, leaving it with a beautiful dull black finish. The kettles are of steel with double coat of acid proof—sanitary enamel, patent lock covers. One kettle will hold six quarts—another four quarts.

THIS COOKER is tightly packed with about 35 to 40 pounds of mineral wool and asbestos, making it airtight—excluding all of the outside air and retaining the heat.

THE TOP IS OF SHEET STEEL, which is beautifully enameled and decorated, giving the cooker a handsome appearance. Any liquid foods accidentally spilled on this top can be very easily wiped up.

IN OPERATION this wonderful invention is simplicity itself. You simply prepare the food to be cooked in the regular way—place it on the stove and bring it to a boil, then immediately transfer it to the cooker, cover it tightly, add the insulated pillow covering—drop the lid and let the Cooker do the rest. After a few hours remove the cover and serve the meal boiling hot—perfectly cooked and with a taste that will prove delightfully surprising. Best results can be had only by following carefully directions given in cook book which is included with each cooker.

FOR CEREALS, that require long cooking, as oatmeal, it will prove a revelation—prepare the oatmeal at night before retiring, bring it to a boil—place it in the cooker, leave it there all night. In the morning on arising, your breakfast is ready to be served—deliciously cooked.

INSTEAD OF COOKING BEANS, rice, barley, peas and other foodstuffs over a hot fire, which takes hours and hours—and fuel simply bring your water to a boil, place it in the cooker and that ends it.
