DR. M. P. MENDELSON DOCTOR OF OPTICS.

Is permanently located at 1105 Adams avenue, opposite postoffice.

Never have I had the connection between headaches and eye strain brought home to me more forcibly than during this week.

One of the cases that have visited me during the past few days, over a dozen have come because of severe headaches, and this although their vision was perfect—or nearly so.

They felt that eye strain must be at the bottom of the trouble, and so came in order that, after the most careful scientific testing, glasses might be supplied, and the cause of all the trouble removed.

If you suffer from headaches, if the print blurs when reading, if you cannot sew or knit as once you did, it is certain that eye strain is present.

Why should you wait to worry along with bad eyes and suffer headaches and other disorders, which are caused by eye strain? when Dr. Mendelson will give you entire relief for a comparative small cost and guarantee satisfaction in every respect.

Dr. Mendelson is endorsed by all of the physicians of the city and all the leading oculists of Portland. Every case is seen by me personally.

C.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy when the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibers and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled. Into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. C.S.S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. C.S.S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

E-RU-SA—THE ONLY LAWFUL PILE CURE.

Because it does not contain narcotics, mercury, cocaine, lead or any poisonous drugs. Because E-RU-SA cures piles. U. S. Dispensary recommends every ingredient of E-RU-SA. Drug laws make "false or misleading statements" a crime. Therefore the sale of all old or narcotic pile medicines is illegal because they effect the brain and spinal marrow; produce constipation and never cure. Only druggists of highest standing sell and endorse E-RU-SA.

Auto Makes Great Time.

In regard to the Philadelphia car which came through this city Sunday at 2:15 o'clock, the Monday Morning Walla Walla Union says:

Several hours ahead of schedule

time, the Taft message being carried by relays across the continent from Philadelphia to Seattle, was whirled into this city last night at 6:40 o'clock in a big Franklin car driven by J. W. McCormack of Pendleton. Although it was a surprise to the Walla Walla Automobile association that the car driven by McCormack had made such record time in its dash from La Grande, the local men had their big Franklin ready in a few minutes, and at 9:15 the car left the Commercial club for North Yakima.

Sore Spots in the Back.

What are those sore spots in the back? Do you know? Have you often wondered? Did you ever ask a doctor? Did he seem much interested? What did he tell you? Did he remove them? Have you got them yet? Then why not go to an osteopath and have them corrected? Do you know that Osteopathy says those sore spots along the spinal column cause various diseases? Maybe they are responsible for your ill health. Such "lesions" ought to be corrected. Then why carry such disabilities through life with you when Osteopathic treatment would correct them? Think this over your health demands it.—Osteopathic Health.
