KILLS BABE AND SUICIDES.

Prisoner at Baker City Not Aware of His Family's Demise.
BAKER CITY, Oct. 6.—The Herald related last night:
When Joseph W. Polley, charged with forgery, was placed on the witness stand in his own behalf this morning, he did not realize that he was swearing falsely when under oath he stated that he had a wife and family of three children in Fleenor, Indiana.

He did not know when Katie Polley received a letter from Baker City, Oregon, telling that her husband occupied a felon's cell in the Baker county jail, she immediately grabbed her infant babe in her arms and left her home in Indiana.

He did not know that one week later friends of the family found Katie Polley's body hanging to a tree a mile and a half from Bloomington, Ill., and at her feet was the corpse of her infant, its life having been taken. It is presumed by the mother's hand so that the child would not live to be taunted by the statement that its father was a jailbird in Oregon.

No, Joe Polley knew none of these terrible facts when he was compiling testimony in his own behalf in Judge Smith's court this morning. Officials had kept this information from the prisoner and kept it out of local newspapers so that Polley would be in better condition to fight for himself against the state of Oregon, his accuser. Not that any one of the officials wanted to see him cleared, for that did not enter into the case. They desired that he have a square deal, even though his crime might seem a fact.

DR. M. P. MENDELSON
DOCTOR OF OPTICS.

Is permanently located at 1105 Adams avenue, opposite postoffice.

Never have I had the connection between headaches and eye strain brought home to me more forcibly than during this week.

One of the cases that have visited me during the past few days, over a dozen have come because of severe headaches, and this although their vision was perfect—or nearly so.

They felt that eye strain must be at the bottom of the trouble, and so came in order that, after the most careful scientific testing, glasses might be supplied, and the cause of all the trouble removed.

If you suffer from headaches, if the print blurs when reading, if you cannot sew or knit as once you did, it is certain that eye strain is present.

Why should you wait to worry along with bad eyes and suffer headaches and other disorders, which are caused by eye strain? when Dr. Mendelson will give you entire relief for a comparative small cost and guarantee satisfaction in every respect.

Dr. Mendelson is endorsed by all of the physicians of the city and the leading oculists of Portland.

Every case is seen by me personally.

C.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

Because it does not contain narcotics, mercury, cocaine, lead or any poisonous drugs. Because E-RU-SA cures piles. U. S. Dispensary recommends every ingredient of E-RU-SA.
