and O. street, drew a large crowd this forenoon, doing some remarkable work. Tomorrow morning at 10 o'clock another exhibition will follow and this expert will again do some fancy work. He was shown a score card today recently made by Chief Rayburn—a perfect score—and Bartlett said the record was a good one. In fact he said he seldom saw much score.

Labor Banks Favored.
 SAN RAFAEL, Calif., Oct. 7.—A proposition to form saving banks under the direct control of labor organizations was a feature of the resolutions adopted today by the state federation of labor convention. The resolution cited the failure of the Chicago labor bank but declared there were reasons why California labor organizations should handle their own funds, and members of the committee were instructed to draw plans for presentation at the next convention of the federation.

Decision Tonight.
 NEW YORK, Oct. 7.—William Randolph Hearst will announce whether he will run for mayor late this afternoon at a meeting of the notification committee. Republicans jubilant at the prospect as they predict they will carry the city if Hearst enters and splits the Democratic vote. Tammany chieftains are worried.

DR. M. P. MENDELSON
 DOCTOR OF OPTICS.

Is permanently located at 1105 Adams avenue, opposite postoffice. Never have I had the connection between headaches and eye strain brought home to me more forcibly than during this week.

One of the cases that have visited me during the past few days, over a dozen have come because of severe headaches, and this although their vision was perfect—or nearly so.

They felt that eye strain must be at the bottom of the trouble, and so came in order that, after the most careful scientific testing, glasses might be supplied, and the cause of all the trouble removed.

If you suffer from headaches, if the print blurs when reading, if you cannot sew or knit as once you did, it is certain that eye strain is present.

Why should you want to worry along with bad eyes and suffer headaches and other disorders, which are caused by eye strain? when Dr. Mendelson will give you entire relief for a comparative small cost and guarantee satisfaction in every respect.

Dr. Mendelson is endorsed by all of the physicians of the city and all the leading oculists of Portland. Every case is seen by me personally.

Will Have Search Lights.

MELLILLA, Oct. 7.—The first Spanish trocha in Africa, is to be established when the railroad between Nador and Tetuan is to be built with block houses every mile containing large calibre guns. Search lights will also aid the Spaniards in fighting the Moors.

Big Libel Suit on.

INDIANAPOLIS, Oct. 7.—Although subpoenas haven't been issued yet, it is probable the hearing of Charles R. Williams and Delevan Smith, proprietors of the Indianapolis News, charged with libeling the government in connection with Panama canal purchases will go on next Monday. Prominent government officials will be called to testify, also many other leading thinkers of the country.

Notice of Final Settlement.

Notice is hereby given to all concerned that Mary G. Hulse, executrix of the last will of Marquis L. Hulse, deceased, has filed in the County Court of Union County, Oregon, her final account in the administration of said estate and said court has set Monday the 4th day of October, A. D., 1909, at 2 o'clock p. m., as the time for hearing said account and any objections thereto.

MARY G. HULSE,
 (S-9-6-13 70-27-10-4) Executrix.

Mr. and Mrs. James E. Gilkison and children are down from North Powder to attend the fair. While in the city they are the guests of Mr. and Mrs. Frank Jackson.

E. O. Massee arrived last evening from Hood River, where he had been transacting business and has joined his family, who are guests with relatives here. They depart tomorrow morning for their home in Menomone, Wis., via Salt Lake and Denver.

John L. Mars was last night awarded the contract of macadamizing Adams avenue from Hemlock to the county road. Little else was transacted at the council meeting except the reading of reports which were announced in the Observer last evening.

Annie Fines and Noah Dean of Chelton, Neb., are guests for a few days with Mr. and Mrs. B. G. Fritts and family. Mr. Dean will visit his father, J. Dean at Cove before returning to his home. Both have been on an extensive tour of the north-west.

Colonist travel into Oregon and Washington over the Harriman lines has broken all records for the opening week of the fall season. Reports just received of the total for seven days, at the office of General Passenger Agent William McMurray of Portland, show that the initial seven days of the season saw the Harriman lines bring into the two Northwest states 1158 persons, which is 1 more than came the first week of the 1908 Fall season. In 1908 the first week embraced a period of eight days, whereas this year the week is a period of seven days. Seven days of 1909 brings over the system 1 more persons than did eight days of 1908.

C.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. C.S.S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, torpid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. C.S.S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

E-RU-SA—THE ONLY LAWFUL PILE CURE.

Because it does not contain narcotics, mercury, cocaine, lead or any poisonous drugs. Because E-RU-SA cures piles. U. S. Dispensary recommends every ingredient of E-RU-SA. Drug laws make "false or misleading statements" a crime. Therefore the sale of all old or narcotic pile medicines is illegal because they effect the brain and spinal marrow; produce constipation and never cure. Only druggists of highest standing sell and endorse E-RU-SA.
