### A STEADY DRAIN.

Sick Kidneys Weaken the Whole Body

—Make You Ill, Languid

And Depressed.

Sick kidneys weaken the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills. Here is good proof in the following testimonial:

James M. Johnson, Main st., Union, Ore., says: "I can heartily recommend Doan's Kidney Pills, as I know they are a reliable remedy for kidney complaint. Constant standing brought on my kidney trouble and I suffered intensely. A customer first recommended Doan's Kidney Pills to me, saying that they had been the means of saving his life. I was induced to try them and in a short time, I was convinced that they lived up to representations. I have used Doan's Kidney Pills on several occasions since then and have always received prompt relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## LOCALS WIN FIRST GAME

### ENTERPRISE REFLECTS THE LOCAL'S WEAKNESSES.

Many Features Brought Out By Aggressive Playing by La Grande.

Enterprise yesterday evening on the Lincoln playground did the mirror act, reflecting in splendid shape the weaknesses in the local team which this year is out after big blood and bigger honors than ever. La Grande won handily, by a score of 16 to 0, the result of consistent line bucking and short end runs which sent Big Tom Williamson over for a touchdown in the first half, and following a brilliant dash by Irwin after a fumble punt in the opening of the second half, and third and lastly when Hamilton dashed 25 yards for a touchdown, using superb headwork in hunting holes in a broken field. Bolton kicked one difficult goal from a hard angle but failed on two easy ones.

During the first half the La Grande team continually teased the spectators by keeping the play in the visitor's territory but not being able to register. Once when on the goal line a severe penalty retarded scoring and immediately afterward the steady advance toward the goal was checked by another penalty, those two being the only penalties of any note during the clean and exciting game.

A severe and deserved lecture between halves by Coach Wall sent the team back for the second half with the score 6 to 0 in the local's favor. Better team work resulted, and as the game neared the end, the local's adopted a fend like attack and skirted ends and tore large gains through Enterprise's lines at will. The last five minutes of play were really the fact ones and showed La Grande up well.

La Grande is weak on the forward pass, and consistent training along that line is necessary. Meyers recovered one pass after a fumble which meant a gain, but a second attempt was a failure. Enterprise worked one successful forward pass, being once out of the two times when they made yardage. The locals need mastery of or two other minor points to have a prize winning aggregation. This will be effected in a few weeks time.

Irwin, the doughty quarter is a pas master at running in punts and with Hamilton as secondary punt handler, this department is well cared for. In the back field, Hamilton and Earls showed clever ability in hunting holes on both short and long end runs. Williamson, running a little too high, was able to amend that fault and tear off from three to ten yards almost at will. He will, with coaching, be a plunger that cannot be stopped or equalled in Eastern Oregon. While the back field usually worked like clockwork, there were two other consistent ground gainers, namely, Capt. Ingle and Heidenrich. The former plays his customary game with some improvement, and the latter has found his place at tackle. He will win his spurs at that position if he continues as he played yesterday. Bean, the big centerrush, was up to his old tactics of breaking through the line and stopping plays before they are under way, and in this he was aided by all the line men. Grout and V. Bean were both very aggressive. Bolton played through the entire game at one end, showing better dash and tackling ability than he did last year. Meyers, Rice and Cecil Bolton alternated satisfactorily at the other end. La Grande has the "onward" spirit well mastered and success will no doubt be theirs.

Enterprise played a defensive game tackling viciously and displaying the fundamental principle and grit, but lacking the science of the game. The contest was amicable and it is to be hoped that athletic relations between the two cities may be continued indefinitely.

### Big Onion Crop.

WASHINGTON, Oct. 8.—Figures compiled here show that this year's onion crop throughout the country is approximately 4,150,000 bushels from an area of 14,500 acres. The figures showing acreage by States placed New York in the forefront with Ohio a close second. The crop was hard hit this season in Wisconsin. The Ohio crop is turning out somewhat smaller in rate of field to the acre but a reasonably full crop in the state just named. The crop of one year ago was placed at 4,322,4000 bushels.

The cranberry crop of 1909, according to this authority, is 1,325,000 bushels against 1,060,000 bushels in 1908, and 1,280,000 bushels in 1907. Dividing the crop into sections, 850,000 bushels is credited to New England and New York, mostly in Massachusetts. The New Jersey crop approximates 425,000 bushels, well toward a full yield.
