Freight tariff on lemons. An inquiry has revealed the fact that the increased freight tariff absorbs exactly the amount of duty affixed by the new Payne Aldrich tariff law. It has now been discovered that the announced victory of the California delegation in their fight for the present lemon tariff only put more money in the pockets of the Southern Pacific railway. The guests present at the banquet seemed to be bitterly disappointed when the President failed utterly to refer to the robbing questions.

The jury in the case of the State vs. King Rowe, charged with assault with a dangerous weapon, returned a verdict this morning in which the young man was found guilty of simple assault. Judge Knowles set tomorrow morning at 9 o'clock as the date for passing sentence. The sentence will only be a fine for this offense. The case has attracted considerable attention and a large crowd was in the court room each day that the testimony was being taken. Three forms of verdict were submitted to the jury, assault with a dangerous weapon, simple assault or not guilty.

Buying a Lawsuit.
Did you know that placing your reliance upon a warranty deed is simply bidding for a lawsuit? In California this fact is so well understood that a warranty deed is looked upon with suspicion. It is for this reason: If the title is good it passes with the deed, and that is all there is to it—no need of a warranty. If bad, the adding of a warranty does not make it good. A warranty is only a sort of a bet—a wager that you will have no trouble; but if you do, and finally lose out, I'll pay you your money back. A better plan is to require an abstract. Don't go to law, consult J. R. Oliver.

LONG TRIP SATURDAY.
Football Team Leaves for Caldwell Idaho, Later in The Week.
The most extended trip ever taken by a La Grande high school football team is in store for the players the last of this week. On Friday evening the eleven and their several substitutes will leave for Caldwell, Idaho, where they will meet the College of Idaho on the gridiron Saturday afternoon. It is expected that the game will give a fairly accurate line on the strength of the team for the season as it is the first real game of the season. Both teams are about evenly matched in weight, 160 pounds being the average weight. The expenses of 16 men are to be paid. Coach Wall said today that he was not certain who would make the trip as that depended upon this week's practice to a great extent. Signal practice and the development of new plays will be the feature of the work done this week.
