THE LAMBDA PHI

The Lambda Phi Alpha Club will meet this evening at the home of Lynn Bohnekamp. All members are requested to be present.

The Ladies Aid Society of the Presbyterian church will meet tomorrow afternoon at the home of Mrs. Hanna. Annual election of officers.

TWO SHIFTS OF COURT

Judge Knowles has declared a double shift at the court house and trials are now progressing day and night. The first evening session was held last evening when the case of the Phoenix Insurance Company and Jennie Halverson vs. the O. R. & N. company was taken up. This case occupied practically the entire day today.

The insurance company is suing the railroad for the recovery of the \$100 paid to Mrs. Halverson when her barn burned at Hilgard on January 29, 1909. Mrs. Halverson is a party to the suit although she is asking no damages. The railroad paid her \$100 and the insurance company \$100.

An interesting feature of the trial today was the way in which a witness by the name of Allen came up for the railroad with a different story from the one told to the attorneys for the company a few days ago. He told the attorneys when they visited Hilgard that the wind at the time of the fire was blowing toward the railroad from the barn, but on the stand he said the opposite was the case and a lively tilt between Charles Cochran for the railroad and Attorney Sargent for the insurance company followed in which the court ruled that an attorney had the right to impeach testimony of the witness in his own case if he wished.

BOY GIVEN TO GRANDMOTHER

SCHILLING LAD TAKEN FROM HIS FATHER TODAY.

Alleged Abuse Responsible for Separation of Boy and Father.

The nine-year-old Schilling boy whose case has been before the court for several days was today awarded to his grandmother, Mrs. George Burns of West La Grande, by the order of Circuit Judge Knowles, this morning.

John Schilling, father of the boy, was arrested Saturday by Constable Faulk for abusing the youngster. The story goes that the lad was forced to hurry home from school which he attended in scanty clothing and was compelled to do several hours of hard work after his return. His step mother was also implicated as participant in the alleged abuse.

Schilling was arraigned yesterday but today the case was disposed of by the grandmother of the boy being assigned the custody of the lad. In the case that the paternal home agrees to treat the boy with due kindness the court will again return the lad to his father.

REV SEEMANN IS DELEGATED

For the first time in the history of the work of the Presbyterian church in Oregon the chairmanship of the home mission committee of synod was placed in the hands of a non-resident of Portland, at the meeting of synod last week. This honor fell to the lot of Dr. S. W. Seemann of this city.

In addition to this honor Dr. Seemann was also elected to represent the church of Oregon at a national council to be held in New York City, November 14. This council is to be composed of representatives of each synod, two representatives of the National Home Missionary Board, the National Foreign Board and of the National Sunday School Board. At this meeting it is hoped to get a general view of the progress of the church in America and to lay plans for the future.

MEETING POSTPONED.

The meeting of the board of managers of the Union County Exposition which was scheduled for this evening has been postponed until tomorrow evening, at which time the committee hope that every one having claims against the Exposition will have them filed with the secretary, J. E. Reynolds.

We Want Your Wants

IN

Our Want Ad Column

COLT LOST—On October 4th, a yearling black suckling colt jumped out of my field and followed a team of white horses north. Liberal reward for return or information leading to recovery. T. J. Sals La Grande, R. F. D. No. 1 on W. Hunter farm (10-5-7)

Do your eyes trouble you when reading or studying after night? Do you have headaches or dizziness or irritated smarting or watering eyes or granulated lids? Do you get sick riding? All of these ailments are caused by the eyes being out of shape, too long or short (near or far sight), unevenness of the front of cornea, (Ostigmatism of the eyes, also by the effects of age, which causes our near point of vision to farther and farther away each year after ten years of age till finally we have to put on glasses to bring it back to a convenient distance.

If you have any of these troubles call on me, I will furnish glasses, the most up-to-date styles and best specially ground lenses at a price much less than the traveling opticians charge, and I give your eyes a double test by different methods with different instruments, one test proves the other.

I guarantee all my work. I make no charge for testing where glasses are not required or when I fit glasses. Give me a trial and be convinced.

H. W. HEWITT,

Optometrist & Jeweler.

HOWARD HEATING STOVES

Howard wood and cold grates will burn either wood or coal

Have wood and coal grates and burn either wood or coal. No one expects to buy strictly high grade goods at the price of "cheap stuff," but some think that a high price guarantees high quality. Don't make this mistake in buying a range. Many ranges of ordinary construction are priced high or even higher than the incomparable Monarch.

WHEN YOU BUY A RANGE—

Find out what it is made of and how built! You have a right to know these things. Any man selling ranges who says, "Our range is a fuelsaver—a perfect baker," and stops there, casts a reflection on your intelligence. If these things are true of any range, there is a reason for it—a reason you can see and understand—a reason you have a right to know before buying.

We can show in a Monarch range exactly why it does what we claim. Come and see how the Malleable iron and steel plates are riveted solidly together, insuring a tight range for unlimited time. Let us explain how tight, permanent seams are possible only in ranges where Malleable iron is used. We can show you how tight, solid construction is necessary to everything you want most in your new range—prompt, sure service—long life—and fuel economy.

W. H. BOHNENKAMP CO

SOME SPECIAL MONARCH FEATURES

- Polished Top. Needs no stove blacking.
- Duplex Draft. The only common-sense draft system in use.
- Complete Asbestos Lining. A triple wall at every point exposed to heat.
