STRIKE DANGER IS NOW AVERTED

LAST BONE OF CONTENTION SATISFACTORILY SETTLED.

O. R. & N., machinists will Get Material Increase in Wages Aside From All the Other Favors Mentioned last Evening—Local Representatives Return From Portland—Both Sides are Liberal in Their Demands and Relations.

The O. R. & N., machinists are now to draw 42 cents an hour hereafter as a result of the conference held in Portland recently, and which were outlined in the Observer yesterday, and all danger of a walkout is now over.

The conference came to an abrupt close last evening at Portland when General Manager J. P. O'Brien agreed to give the machinists 42 cents an hour, and when the machinists themselves consented to meet the officials half way. The machinists were holding out for 45 cents but to avoid additional trouble, lowered their wage scale demands to 42 which was satisfactory to the officials. The conference is over and R. R. Russett the representative from the La Grande shops has returned home and the machinists here are well satisfied with the result of the conference.

The final agreement is exactly as outlined in the Observer of last evening with the addition of the additional wage scale.

A. C. Williams has taken the oath of office as justice of the peace to succeed A. Stewart, resigned.

LARGE PRICE FOR TWO HOGS

ONE HUNDRED DOLLARS PAID FOR TWO TAWWORTHS.

J. M. Wright Purchases Two Strange Appearing Hogs.

Two Tawworth pigs which have won blue ribbons wherever exhibited from Kansas City to the coast and back to La Grande, arrived today for J. M. Wright who will give that breed of hogs a trial. The animals are peculiar looking ones, but are touted as being excellent breeds for pork, the chief feature being that they mature quite slowly but more profitably. It is said that the cost for the two hogs was \$100.

ROWE CASE HELD UP.
Motion for Arrest of Judgment Filed By Boy's Attorney.

A motion for arrest of judgment in the King Rowe case on the grounds that the indictment does not charge a crime is pending. The charge was for assault with a dangerous weapon, but did not describe what the weapon was that was used. The verdict was for simple assault. It is argued on the behalf of Rowe that the charge does not set forth the nature of the crime as is required by law.

Judge Knowles this afternoon overruled the motion to arrest judgment and set tomorrow morning at 9 o'clock as the date for passing sentence.

W. Hughes an employe on the ditch line of the Beaver Creek project, was arrested yesterday afternoon by Constable Faulk for being obnoxious on the streets, the chief cause being booze. This morning he was fined \$5 which he paid and was allowed to go.

EXECUTION PERMITTED YESTERDAY DISASTROUS MOVE.

Spain Torn By Greatest National Problem in Its History—King Angry at His Cabinet For Permitting Execution of Professor Ferrer—Cabinet Offers to Resign but the King Will Not Accept—Paris Mob Attempts to Attack Embassy.

MADRID, Oct. 14.—Via Heydays—With the leading papers of Spain predicting a revolution such as Spain has never seen before, King Alfonso is storming at his cabinet for advising him to permit the execution of Prof. Ferrer, which took place yesterday.

The people are aroused to mob frenzy and today Spain is threatened with the most critical situation that has occurred in her long history of national troubles. The King this morning is horrified at the national storm that has arisen over the execution of Professor Ferrer. Alfonso charges that his ministers have kept him misinformed regarding the sentiment throughout the other nations of the world and especially Europe. The cabinet has offered to resign but the King refuses to accept of their resignation. The news that has just been received here that a mob in Paris at the news of the execution of Ferrer, attempted to storm the embassy in that city, has greatly shocked the King.
