ANOTHER BOOZE CASE

DONALDSON OF SUMMERVILLE IS
PLACED ON TRIAL

Court Again Hearing Another Atkin-
son Trial after one "Guilty"

By returning a verdict of guilty in the case of "Billy" Donaldson, of Summerville, charged with selling whiskey to A. C. Glenn, another bootlegging case was dispensed with this forenoon and the court was ready again to turn its attention to Ralph Atkinson, who had been given a whole half a day's rest. In the trial ended yesterday Atkinson was found guilty and will be sentenced in the morning. The Donaldson case was the outcome of the trouble in which Wilbur of Union was involved and alleged to have lost a considerable sum at gambling last winter. Wilbur also paid a fine for gambling in answer to an indictment brought against him at the last spring's term of court.

The Atkinson case under trial this afternoon is identically the same as the one settled yesterday, with the exception of one day. The same man, Keller, it is alleged, got the same kind of a bottle of whiskey at the same place the day before he got the other one.

That Judge Ramsey is to be given an opportunity to come before the grand jury and tell of his knowledge of the alleged wholesale violations of the prohibition laws of La Grande was promised him by District Attorney Ivanhoe in a lively little tiff in the Atkinson trial this afternoon.

Rayburn was on the stand under fire of cross examination by Ramsey, when he was asked in order to show malicious prosecution, if he was not aware of the general violation of the prohibition laws in this city.

"I object to that question," exclaimed Ivanhoe, and turning to Mr. Ramsey, said: "You will have an opportunity to air all that before the grand jury. Why have you not given some of your knowledge to the district attorney or the grand jury before?"

"I am not being paid \$2,000 per year to enforce the laws," retorted Judge Ramsey.

"You will be paid your fees at the next session of the grand jury," exclaimed the district attorney.

Judge Knowles recalled the attorneys to their paths of duty by reminding them that all this fuss was foreign to the case in hand, and soon the trial was going on again.

One of the largest funeral processions in years late this afternoon, marked the burial of William J. Snodgrass from the Presbyterian church. At 11 o'clock the remains were taken to the church where, under the direction of the Odd Fellows the body lay in state until 3 o'clock when the casket was closed to remain closed.

The services at the church were very short. Rev. W. S. Seemann, the officiating minister, spoke very briefly from the theme, "Opportunities of a Lifetime," and his tribute to the dead pioneer before him was fitting to a degree of perfection.

A true plat of the land.
A concise statement of the transfers of ownership of the tract, in a logical order, from the government down.

Special showing as to mortgages, taxes, liens, charges, or assessments of whatever kind that affects the title.

A STEADY DRAIN.

Sick Kidneys Weaken the Whole Body—
Make You Ill, Languid
And Depressed.

Sick kidneys weaken the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of pois-

onous uric acid that goes broadside through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Urinary poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney treatment, the best remedy is Doan's Kidney Pills. Here is good proof in the following testimonial:

James M. Johnson, Main st., Union Ore., says: "I can heartily recommend Doan's Kidney Pills, as I know they are a reliable remedy for kidney complaint. Constant standing brought on my kidney trouble and suffered intensely. A customer friend recommended Doan's Kidney Pills to me, saying that they had been the means of saving his life. I was induced to try them and in a short time I was convinced that they lived up to representations. I have used Doan's Kidney Pills on several occasions since then and have always received prompt relief."

Monarch MALLEABLE The Stay Satisfactory Range

SOME SPECIAL MONARCH FEATURES

- Polished Top. Needs no stove blacking.
- Duplex Draft. The only common-sense draft system in use.
- Complete Asbestos Lining. A triple wall at every point exposed to heat.

HOWARD HEATING STOVES

Howard wood and coal grates will burn
either wood or coal

Have wood and coal grates and burn either wood or coal. No one expects to buy strictly high grade goods at the price of "cheap stuff," but some think that a high price guarantees high quality. Don't make this mistake in buying a range. Many ranges of ordinary construction are priced high or even higher than the incomparable Monarch.

WHEN YOU BUY A RANGE—

Find out what it is made of and how built! You have a right to know these things. Any man selling ranges who says, "Our range is a fuel-saver—a perfect baker," and stops here, casts a reflection on your intelligence. If these things are true of any range, there is a reason for it—a reason you can see and understand—a reason you have a right to know before buying.

We can show in a Monarch range exactly why it does what we claim. Come and see how the Malleable iron and steel plates are riveted solidly together, insuring a tight range for unlimited time. Let us explain how tight, permanent seams are possible only in ranges where Malleable iron is used. We can show you how tight, solid construction is necessary to everything you want most in your new range—prompt, sure service—long life—and fuel economy.
