NUMBER 307.

## SURE DOOM TO MEET ALPHONSO

EVERY CITY IN THE LATIN KINGDOM UP IN ARMS.

Reign May Continue for Weeks or Even Months but the End is now in Sight—Propaganda Planted by the Anarchists Taking Root—Bombs Being Exploded Almost Continuously—Assassinations going on Constantly—Revolt Against Church and State.

(By Charles P. Stewart, European manager for the United Press.)

London Oct. 15.—The throne of King Alfonso is tottering to its very base and the "Mad King" will soon be without power in his fatherland. Every city in the kingdom is in the throes of revolution of its own. The entire kingdom is one vast upheaval, boiling mass of anarchy in which no life is safe for a moment. The climax of the downfall of Alfonso may not come for several weeks or even for months but that the king's reign is over is admitted by all. I have just returned from a personal journey throughout Spain and I have found many indications of the dissolution of the present government. The active propaganda of the anarchists has been the cause of this, aided and abetted by bad blunders of the government. The war in Morocco and the execution of Professor Ferrer has been the immediate cause of the upheaval. It is unknown as to the number of people both guilty and innocent that have been shot down in the streets of the cities in trying to repress the local disorders, but it is possible that the

## JURY FREES MRS. COLLINS

PORTLAND WOMAN ACCUSED OF MURDER SET FREE.

Jury Returns "Not Guilty" On the Grounds of Insanity.

Portland, Oct. 15.—Declared not guilty of the charge of murdering her husband, Dr. Roy A. M. Collins, on July 24, Mrs. Collins, the wife who has been accused of his murder, was today allowed to go in the care of her daughter. The jury returned the verdict of not guilty on account of the woman undoubted insanity. The verdict was received with marked popularity in the court room where the woman was being tried, yesterday and this morning.

number will reach three or four thousand. Bomb outrages and assassinations are going on continuously and the gendarmes are utterly unable to repress them. The mere communication of the true conditions of affairs in Spain at this time would have insured the author's arrest and execution as no news is being allowed to go out over the frontier without the consent and strict surveillance of the censor for the government.

The people are revolting against the church, not because it happens to be the Roman Catholic church, but because it happens to be a state church which pays no taxes but exacts vast amounts from the people for its support and the private purses of the state officials. With the best of fortune Alfonso may cling to the throne for a year but it is now believed that the establishment of a republic is sure and will not be slow in coming. The people do not like "the pretender." Spain is sick of monarchy.

## BILLY BOY HUNT GROWING WARM

PIUTES ARE ARMED AND PITCHED BATTLE EXPECTED.

Base of Supplies Established at Rock Corral Where the Three Poses will Secure Food—Well Organized Hunt and the Capture of the Indian murderer is now Assured—Chase is Leading Through the Worst Sand District of California.

Warren's Wells, California, Oct. 15.—The hunt for Billy Boy is now on. Three poses under the direction of two sheriffs from different counties all well armed and with plenty of supplies are converging on the desperate Piute, today.

The base of supplies have been established at Rock Corral, a point well out within the desert and within easy reach of the poses. Each posse contains fifty men and it is believed that the capture of the desperado is now only a matter of time. Orders have been given to the members of the possees to shoot Billy Boy on sight.

This is the most arid section of the state and the officers are partly dependant upon Indian trailers for their guides, although there are men in the party that have traveled the desert for years and have practically lived their lives upon the sands.

Word was received from Bamby, a desert station some distance to the north that a band of armed Piutes was sighted heading toward Bullion mountain where the Indian is said to be concealed. It is rumored that they

(Continued on Page Eight.)

## WAGNER BATTING AVERAGE IS .318

DETROIT AS A TEAM IS BETTER BATTING CLUB.

During the Rest for Final Struggle Tomorrow, Team and Individual Averages have Been Compiled—Cobb Outbatted but Fielding is Better—Story of Individual per centages is Interesting—Famous Struggle Will Take Place Saturday.

Pittsburg, Pa. Oct. 15.—The batting and fielding averages of the players in the world's series were compiled this morning and on these figures, the sports are basing their bets on tomorrow's contest when the final and deciding game is to be played at Detroit. The following table gives the batting and fielding averages respectively:

Catcher—Gibson, .250, 1000; Schmidt, .200, 902.  
First Basemen—T. Jones, .250, 1000; Abstein, .211, 955.  
Second Basemen—Delehanty, .304, 941; Miller, .217, 862.  
Short Stops—Wagner, .381, 913; Bush, .350, 913.  
Third Basemen—Byrne, .250, 904; Moriarty, .238, 1000.  
Right Fielders—Cobb, .273, 1000; Wilson, .217, 1000.  
Center Fielders—Leach, .318, 1000; Crawford, .292, 929.  
Left Fielders—D. Jones, .280, 1000; Clarke, .211, 923.  
Pitchers—Mullin in 3 games batted .231. No Pittsburg pitchers secured hits. It will be noted that Wagner far outranked Cobb in hitting. Team Batting—Pittsburg 188 times at bat, 26 runs, 44 hits, percentage, .234; Detroit, 198 times at bat, 28 runs, 51 hits, percentage .257.  
Team Fielding—Pittsburg, 157 put outs, 84 assists, 11 errors, percentage .956. Detroit, 164 put outs, 69 assists, 11 errors, percentage .955. Pitcher Adams won 2 and lost none, percentage 1000; Maddox won 1 lost none, percentage 1000. Donovan won 1 lost none, percentage, 1000. Mullin won 2, lost one, percentage .667. All others lost their games.

Seoff at Framrup.

"Organized base ball is strictly on the level and any one who talks of a frame up in connection with the present world's series between the Tigers and the Pirates is a fit candidate for the dippy house." This was the opinion of at least 15,000 fans who witnessed the game yesterday all through the terrific struggle and during which three men were injured, one of whom severely, Tom Jones, the Tiger's first baseman is the most seriously hurt of the trio, but he is feeling better today and may possibly be at the station when the gong sounds for the final struggle tomorrow. This announcement has brought joy to the hearts of the Detroiters as it was conceded that if the team loses any of its leading men now it will loose the chance of winning the championship.

"Wild Bill" Donovan will probably pitch for the Detroiters and Adams or Maddox for Pittsburg.

### North Dakota's Trial Trip.

WASHINGTON, Oct. 15.—Uncle Sam's new Dreadnought, the North Dakota will have her standardization trials over the Rockland course on November 2, instead of today, which was the date originally set. The big vessel was built at the Fore River yards at Quincy, Mass., and will be the first ship of this type to be tried out. The contract requirement is 21 knots. The North Dakota's sister ship, the Delaware, will be given her trial later on. Naval authorities are confident that both warships will exceed the department's requirements.

## MEN READY FOR BIG MILL

JOHNSON AND MITCHEL BOTH FIT FOR BATTLE.

Betting Brisk that Ketchel will Stay Through 15 Rounds.

San Francisco, Oct. 15.—When Champion Jack Johnson meets Stanley Ketchel in the afternoon tomorrow afternoon at three o'clock, he will tip the scales at 195 pounds, while Ketchel's weight will be 170, a difference of 25 pounds.

Both of the men are confident of winning and are in the best of condition for the battle which promises to be one of the hardest fought battles that has been pulled off for some time. The betting today is ten to four that the negro wins the fight; even money that Ketchel will still be on his feet at the end of the fifteenth round.

## BABY SHOW IS BIG ATTRACTION AT THE BAZAAR

Program Tonight.  
Chorus recitation by Bridges  
Chorus of 35 voices.  
Vocal duet—Mr. C. P. Ferris and Mrs. A. S. Geddes; Mrs. Carlock, accompanist.  
Receipts yesterday \$160.00.

Francis Edna Kelly, 13-months old daughter of Mr. and Mrs. William Kelly, 1414, Z avenue, won the beautiful gold necklace at the drawing for lucky numbers at the baby show late this afternoon. The proud mother of the lucky child is Mrs. Logsdon Kelley, Mrs. A. L. Richardson, chairman of the baby show committee clasped the necklace about the winner's silver throat amid profuse applause.

Babies of babies—and mothers—this afternoon at 3 o'clock filled to suffocation the entire floor space of the Elk's auditorium where the second day of the park bazaar has progressed with encouraging popularity. Babies, babies, babies everywhere. At 3 o'clock the array of teeming statesmen and leading ladies of the land, were coaxed, petted, lifted, carried and walked to the rostrum of the auditorium and there the award of the lucky one was made by drawing numbers from a hat. It was a pretty thing: Babies, dressed up in their best bibb and tucker, held out by fond mothers as the pride of the city, emitting yelps of glee and grunts of dissatisfaction at the starchy bonnets and puffy ribbons. It was an inspiring though less majestic than a sthe parade last Saturday.

Photographs of every youngster in the show, which numbered 60 odd, were taken later in the day by Miss Roush.

Jap Stevens today donated 100000 cocktails and delicious soda to the Japanese Tea Garden, a beautiful and secluded spot, just suited in which to drink tea and other refreshing beverages. The Tea Garden as arranged by Mrs. G. T. Cochran is a place of beauty.

Every both was well patronized today and the places for refreshments did a thriving business during the luncheon period. The dinners tonight at the various tables will be extremely toothsome.

Among the refreshment booths none have coined more money than the French cafe where scores flock to pacify the inner being. Tomorrow the popular "grub stand" will serve

## JAIL SENTENCE FOR ATKINSON

JURY HANGS IN THE SECOND TRIAL LAST NIGHT.

In Addition to Jail Sentence Atkinson Given a Heavy Fine—One Man Hangs Jury in the Second Trial and agreement is impossible—First Ballot 10 to 2 for conviction and the Others 11 to 1 for Conviction—Fine Fixed at \$250.

Thirty days in jail and a fine of \$250 was the sentence imposed upon Ralph Atkinson this morning by Judge Knowles. This was for the first charge upon which he was convicted. In the second case the jury reported this morning that after deliberating all night it was evident that they could not agree. In making this announcement Foreman Stotts returned to the court the bottle of whiskey which had been a part of the evidence in the case. Judge Knowles congratulated the Jurymen on returning the exhibit after having it in their possession all through a hard and sleepless night in the jury room and dismissed them. It is understood that one man held out for conviction and hung the jury. The first vote was 10 to 2. Later it was 11 to 1 and there it hung.

In passing sentence upon Atkinson for the crime for which he was convicted a few days ago, Judge Knowles said in substance:

"The statutes provides for a fine or imprisonment for the first offense and both a fine and imprisonment for the second offense in violating the prohibition law. You have been found guilty by the jury and the court believes from the evidence that the verdict was justifiable. It is the full intention of this court to give the parties in all of these cases a full and fair trial. To do otherwise would not only be unjust but would bring about reversals at the hands of the supreme court and retrials at the expense of the county.

"You have had a fair trial and an able defense and have been found guilty. While it is the law that a fine may be the penalty for the first offense the court feels that it is his duty to impose in the first instance the double penalty of a fine and imprisonment. There can be little good from going through a long and costly trial, fine a man and turn him loose to violate the laws again. Because of these things and the difficulty of prosecution and conviction of these cases your punishment will be 30 days in jail and a fine of \$250."

noodle soup as one of its mainfeatures.

The opening evening program was an attractive one. After the crowds had feasted in the French Cafe and the New England Kitchen and had supped in the Tea Garden, Attorney George Cochran introduced the first number on the program which was a delightful piano solo by Miss Collier who was required to play again before the crowd would let her off. Hon. T. A. Rinehart was called and in eloquent language paid a tribute to the work accomplished by the ladies of the park association and urged upon the people to co-operate in making the city beautiful. The closing feature of the program was a song by the L. D. S. choir which was heartily encored. Remarks of appreciation for the able musical organization which La Grande is so fortunate in having were heard on every hand, as the chorus finished singing.

### Central Pays Dividends.

NEW YORK, OCT. 15.—The New York Central and Hudson River railroad today paid the regular quarterly dividend of 1 1/4 per cent on the preferred stock.

# THE FAIR ATTENTION!
