"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872 and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind., Ter. For sale by all good dealers.

TEAM ENTERS IDAHO FIELDS

PROMPT COMMUNICATION WITH OBSERVER TOMORROW.

Local Squad Goes to Meet College Team at Caldwell.

Realizing the hardship of their task in playing the College of Idaho at Caldwell tomorrow, the La Grande high school football squad departed this morning for Caldwell where tomorrow afternoon the contest will be waged. The Caldwell team is not a high school team, but a college team, a fact which makes the outcome even more in doubt for the superior training facilities makes the locals' foes more formidable.

The team has rounded in much better shape this week than had ever been hoped for and the showing tomorrow will be a good one if this week's training will be a criterion.

The game tomorrow commences at 3 o'clock, Mountain time, and through special arrangements the Observer will be kept in communication with the scene of war so as to have the final score immediately at the close of the game. The outcome should be known in this city at 4 o'clock, local time. The squad who are with Coach Wall are as follows:

Ingle, captain; Meyers, manager, V. Bean, A. Bean, C. Bolton, Grout, Heldenrich, Childers, Irwin, Hamilton, Grady, Bohnenkamp, Earls, Williamson and Rice.

Steel Men in Harmony Session

New York, Oct. 15—Independent makers of steel are to confer with the United States Steel Corporation and apponion prices and territory today. One of the most far reaching agreements in the history of the trade is now in contemplation.

Heads of the independent interests are to confer with the United States Steel Corporation at a meeting to be held at the Waldorf previous to a dinner tonight for Chairman E. H. Gary by heads of the independents. Willis F. King, of Pittsburg, vice-president of Jones & Laughlin, independent steel interests, is one of the committee on arrangements for the dinner. With Mr. King are such men as E. A. S. Clarke of the Lackawanna Iron and Steel Co. of Buffalo; Charles H. Schwab, president of the Bethlehem Steel Company John A. Topping, president of the Republic Iron and Steel Company and others of note in the independent iron and steel world. Not a person in the Steel Corporation is in any way connected with the arrangements for the dinner for Gary and his people, it being alone the work of the independents.

From the love feast of the warring capitalists much of interest to the iron and steel world is expected. It is admitted in Pittsburg that one of the main objects of the testimonial dinner to Gary by the independent corporations is to show appreciation of his good work in maintaining the steel industry on an even keel throughout the panic times. It was Judge Gary who on several occasions called in the steel makers, both great and small, and convinced them that the only way to prevent trouble was to curtail production and keep the prices up. It is fully expected by Pittsburg interests that the result of the meeting and dinner to be held in the Waldorf today will be an agreement between the steel corporation and all of the independents as to prices and also as to territories.

An agreement on the price of pig iron is sought by both sides. Leading independents yet insist that the action of the steel corporation in permitting pig iron rates to pass the \$26 line previous to the panic beginning two years ago had much to do with precipitating business depression or continuing it after it had once started. Most of the independents are of the opinion that \$18 pig iron is as expensive as the trade can stand, and what is sought at this time is some sort of an agreement on which all parties concerned can proceed in the making of contracts for 1910.
