Make Appointments Early.

Washington, Oct. 15.—Although the United States census will not actually be taken until next April, 1,890 appointments will be made of those who are to begin the preliminary work on January 1 of the coming year.

The duties of such agents will be to collect statistics for the next census of manufactures, mines and quarries. As far as possible it is desired to obtain persons who have college or university courses in statistics or economics, or persons who have had experience in the accounting department of manufacturing or other business establishments.

Applications will be accepted from women, but the opportunity for their appointment is slight. Chief special agents will receive \$4.50 to \$6.00 a day, while assistants will receive from \$3 to \$4 a day. The chief special agents will be employed from six to sixteen months and the assistants from 3 to 6 months. There will be no geographical apportionments of the appointments as such, but as far as possible appointees will be assigned to duty in the localities in which they reside.

In sparsely settled districts of the west the number of employes per capita will be greater than in the more densely populated localities.

Two long-haired self styled "advance agents of the Second Coming of Christ" arrived in Pendleton this morning from Walla Walla and will hold a short series of meetings on the streets of this city, says the East Oregonian. The first will be held this evening about 7 or 7:30. The two men are simply known as Walter and Joseph and are representatives of the famous Israelite colony of Benton Harbor, Michigan.

While their direct object in coming to Pendleton is to spread the tidings of great joy, incidentally they are taking subscriptions for an eight page newspaper which is printed and published by this queer sect on the grounds of the associate worshippers where they have 800 acres of land and several fine buildings.

Like the two disciples in this city at the men in the Benton Harbor colony wear their hair long, claiming that by so doing that they are but simply carrying out or living up to the commands of the Bible in this as in every other respect. Photographs they are showing not only indicate that the colony is happy and contented but prosperous. Everything is owned in common. The buildings are constructed of stone, modern in their architecture and built entirely by the members of the colony. The grounds are beautifully laid out with parks and beauty spots and a miniature railway traverses the 800 acres. There are also five brass bands in the colony.

REVIEW IS DENIED THEM

PRATT AND WOLFE OF UNION MEET DEFEAT.

Judge Knowles Rules that Union Men Can't Have New Trial.

Judge Knowles this afternoon over

in the case of the state vs. O. P. Pratt and J. R. Wolfe of Union who were convicted of assault and fined \$5.00 by Justice Maxwell last summer. An effort was made to have the case appealed to the circuit court but this could not be done because the fine was too small. A motion for a writ of review was then made but this was denied them and the matter is settled.

A motion to dismiss the case of the City vs. Wilkinson on the ground that the indictment charges him with selling beer to a minor when it was his barkeeper was denied and the trial resumed. The hearing of the second charge against Atkinson in which the jury hung last night was set for the next term of court. Albert Keller the man who has been in jail since the middle of August as a witness, was released this afternoon and was as happy as a bird out of a cage.

NO CARRAN DYING.

New York, Oct. 15.—It is generally believed that State Senator Patrick McCarren is now dying. Dr. Hughes, the physician that is attending him following the operation for appendicitis, issued the following bulletin this afternoon:

"Senator McCarren's condition unchanged. Temperature normal, pulse regular, he is suffering great pain from gasses. Has made his will. This is all that I can say at present."

This afternoon it was announced that McCarren was being kept alive by the use of stimulants and that death was only a matter of only a matter of a few hours.

No Meeting Tonight.

There will be no meeting of the Blue Mountain association this evening.

Do you want your dental work done by a man who has had years of experience and whose practice enables him to perfect himself? Something like learning music. If you take a day or a week off or do not practice as much as you should your next practice is not as perfect as it should be. I do all of my work in my office. None of my work is done by Portland. I use the following plates, alluminum plates, gold plates, continuous gum bridge work, crown work, gold inlays, etc., etc. Extracting 50c.
