

## Young Men: There's a Difference

between these Ederheimer-Stein clothes that are made especially for you and other kinds that are sometimes sold you.

Too bad you can't see these clothes alongside some of the makes you're shown when you go to buy a suit. But we don't have the ordinary kinds and you won't find garments of this make anywhere else.

Three and a quarter yards of cloth is usually supposed to be enough for a suit. Ederheimer, Stein & Co., put 3 3/4, sometimes more, into theirs.

It takes this much to make a coat roomy and full chested, to give it plenty of length and bottom sweep, to get the right hip effect to the trousers.

Not all clothes makers use enough goods to make clothes stylish. Ederheimer, Stein & Co., make clothes right and put in all the material that is needed.

And they're strictly Young Men's clothes. Made to keep you looking young.

#### Buying a Lawsuit.

Did you know that placing your reliance upon a warranty deed is simply bidding for a lawsuit?

In California this fact is so well understood that a warranty deed is looked upon with suspicion.

It is for this reason:

If the title is good it passes with the deed, and that is all there is to it—no need of a warranty. If bad, the adding of a warranty does not make it good.

A warranty is only a sort of a bet—a wager that you will have no trouble; but if you do, and finally lose out, I'll pay you your money back.

A better plan is to require an abstract. Don't go to law, consult J. R. Oliver.

## VISITS HOME AT MIDNIGHT

WATSON HOME ENTERED BUT  
LITTLE MISSING.

Purse and a Half Pie is the Only  
Known Articles taken by Thief.

Robbers, or a robber, last night walked through the J. H. Watson home at 802 Washington, in a daring manner, ransacking the drawers and a pantry but took with him only the contents of one of the purses, the property of Miss Martha Watson. It contained three or four dollars. In the pantry the thief got away with half a pie but up to date, the owners have not discovered the loss of other articles.

It occurred some time after midnight. Entrance was effected through the front door and the exit through the rear door, both of which were left open.

## MEASURES THE RIVERS

Government Survey Man Finds Wallowa River Full of Power.

Fred F. Henshaw, United States Geological Surveyor of Washington, D. C. left this morning for North Powder where he will measure the waters of the Grande Ronde and Wallowa rivers, for government statistics. He affirms that the Wallowa and Minam rivers have the best power facilities of any stream of their size in the Northwest. He has recently returned from a professional visit in Alaska.

## FIRE VISITS PAINT STORE

ENTIRE WALL PAPER STOCK IS  
DESTROYED.

Spontaneous Combustion Ignites Interior of Cooldge Store.

Combustion of spontaneous origin ignited and destroyed several hundred dollars worth of stock and did damage to the interior finishing of the O. F. Cooldge paint shop on Adams ave. Prompt application of water averted a general conflagration which located in the core of the city's business, would have been extremely disastrous. It was just after dusk yesterday evening when the alarm was sounded, and though the blaze was confined to the walls of the store, the smoke gave its own evidence of the seriousness of the fire. Starting in wall cloth from spontaneous combustion, likely, the fire quickly spread to the long racks where the entire stock of the firms wall paper was piled. This stock was either burned or ruined by the fire. The damage is covered by insurance to a considerable extent.

Fortunately the flames did not lick the side of the store where the combustible paint are shelved nor did it reach down to the basement where considerable oil is stored. The place is a blackened mass today and it will require much work and considerable expense to renovate the interior.

York and other large cities have joined with the Chicago concerns in the movement.

The congress is held under the auspices of the United Typothetae of America, the printers board of trade, the Benjamin Franklin clubs and the master printer's association, all organizations of employing printers.

Charles W. Smith, secretary of the New York Typothetae, said in regard to the purpose of the meeting:

"This congress is unique in the history of the trade. For many years through the lack of some uniform system in calculating cost the employing printers have been up against a hard wages and everything else has been increasing while the prices the master printers have been receiving have remained nearly at a standstill owing to the wasteful competition regardless of the cost.

"While some of the establishments have been doing a large business they have not been making a fair income on the investment, and with large orders on hand many firms have had to go out of business because they could not make it pay. The congress is to devise ways and means to protect the trade from ruinous competition in the face of constantly increasing expenses."

#### Money Comes in Bunches.

to A. A. Christolm of Treatwell N. Y., now... His reason is well worth reading: "For along time I suffered from indistinct, torpid liver, constipation nervousness and general debility," he writes. "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. Then used Electric Bitters. Twelve bottles restored all my old time health and vigor. Now I can attend to business every day. It is a wonderful medicine. Infalible for Stomach, Liver, Kidneys, Blood and Nerves. 50c at the Newlin Drug Company.

#### Frightful Fate Averted.

"I would have been a cripple for life, from a terrible cut on my knee cap," writes Frank Disberry, Kellifer Minn., "without Bucklen's Arnica Salve, which soon cured me." Infalible for wounds, cuts and bruises. It soon cures, burns, scalds, old sores, skin eruptions. World's best for Piles. 50c at the Newlin Drug Company.

#### HOME CURE FOR ECZEMA.

Oil of Wintergreen, Thymol, Glycerine, etc., Used as a simple Wash.

It really seems strange, and so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is bound to cure.

Old, obstinate cases, it is true cannot be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find immediately that wonderful soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. Prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Company of Chicago, and our long experience with this remedy has given

us great confidence in its merit—Newlin Drug Company.

#### ACT QUICKLY.

Delay has been Dangerous in La Grande.

Do the right thing at the right time. Act quickly in times of danger. Backache is Kidney danger. Doan's Kidney Pills act quickly. Cures all distressing, dangerous Kidney ills.

Plenty of evidence to prove this. Mrs. S. J. Atchison, 213 S. Baker st., Baker City, Ore., says: "I have known the value of Doan's Kidney Pills for years and they have long been a standard remedy in our household. I used them for a weak and painful back, accompanied by a bearing-down pain in the hips. My kidneys were much disordered and annoyed me both day and night. At times my head ached so severely that it really felt as if it would split and I was often so dizzy that I had to take to my bed until the attack passed away. I also suffered from rheumatism and my ankles became badly swollen. At last Doan's Kidney Pills were brought to my attention and I procured a supply. They helped me from the first, and by the time that I had taken the contents of three boxes, I was free from kidney trouble. There has been no symptom of a return and I consequently praise Doan's Kidney Pills as every opportunity."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Do your eyes trouble you when reading or studying after night? Do you have headaches or dizziness or irritated smarting or watering eyes or granulated lids? Do you get sick riding? All of these ailments are caused by the eyes being out of shape, too long or short (near or far sight), unevenness of the front or cornea, (Ostigmatism of the eyes, also by the effects of age, which causes our near point of vision to farther and farther away each year after ten years of age till finally we have to put on glasses to bring it back to a convenient distance.

If you have any of these troubles call on me, I will furnish glasses, the most up-to-date styles and best specially ground lenses at a price much less than the traveling opticians charge, and I give your eyes a double test by different methods with different instruments, one test proves the other.

I guarantee all my work. I make no charge for testing where glasses are not required or when I fit glasses. Give me a trial and be convinced.

## HOWARD HEATING STOVES

Howard wood and coal grates will burn  
either wood or coal

Have wood and coal grates and burn either wood or coal. No one expects to buy strictly high grade goods at the price of "cheap stuff," but some think that a high price guarantees high quality. Don't make this mistake in buying a range. Many ranges of ordinary construction are priced high or even higher than the incomparable Monarch.

#### WHEN YOU BUY A RANGE—

Find out what it is made of and how built! You have a right to know these things. Any man selling ranges who says, "Our range is a fuelsaver—a perfect baker," and stops there, casts a reflection on your intelligence. If these things are true of any range, there is a reason for it—a reason you can see and understand—a reason you have a right to know before buying.

We can show in a Monarch range exactly why it does what we claim. Come and see how the Malleable Iron and steel plates are riveted solidly together, insuring a tight range for unlimited time. Let us explain how tight, permanent seams are possible only in ranges where Malleable Iron is used. We can show you how tight, solid construction is necessary to everything you want most in your new range—prompt, sure service—long life—and fuel economy.
