TO IMPROVE FIRE ESCAPES

COUNCIL TAKES ACTION ON THAT IMPORTANT MATTER.

Recommendations Relative to New City Reservoir Made.

The only new ordinance to be introduced at the meeting of the council last evening was one amending the present ordinance providing for fire protection for the public buildings of the city. The principal change from the provision of the present ordinance is that in regard to the two story buildings. For these metal fire escapes will not be required but a system of knotted ropes with instructions of how to use them will be substituted.

A report was read from Engineer Pickler in which he gave the results and conclusions of an investigation of the two proposed sites for the location of the new reservoir in which the waters from Beaver creek are to be stored. Engineer Pickler states that while the William site, a short distance above the present city site gives greater pressure, he considers for other reasons he considers that the city site is best and recommends that site.

The estimate of the cost of the new reservoir as made by Mr. Pickler was \$9275. A number of the councilmen expressed some surprise that the cost should be so great. No action was taken on the report last evening.

UNION FRUIT TO ORIENT

DISPLAY AT SEATTLE SCATTERED TO FOUR WINDS.

William Hall Writes of the Closing of The Big Fair at Seattle.

One of the best accounts that has yet been received of the results of the work of Union county's representative at the A. Y. P. was received yesterday from William Hall who is now in Eugene. The letter giving a full account of the prizes won by Union county people and of the disposal of the fruits and other exhibits follows: Portland, Ore. Oct. 19.—Mr. John Collier, La Grande, Oregon. Dear Sir—Yours of the 13th received.

The fair closed Saturday night under brilliant colors with big success and packing started at once. I did not get the returns for the fruit exhibit; but will get a full list in a day or two. We received a grand prize on the following apples, cherries, peaches and grapes, also one for the dome which was decorated with grains and grasses grown in the Grande Ronde valley. I gave the sugar beet exhibit to the O. A. C. as Prof. Lake said they wanted it to demonstrate the sugar beet culture in college, and our apples, especially our boxes have been shipped to all parts, some to Japan, Philippines and New York. Mr. Harper of the government building took a lot back with him. Have sent a few here and there to different parts of the United States as the Easterners went back to their different homes. Also some of the Alaskan passengers as they went home.

We missed great opportunities in not having the flour and blanket display as the Japanese and Chinese were here for two months which is quite a thing to our foreign trade.

I have the Rose Festival slides and some others which I will send to you.

Note what you say in regard to being hurried. I am glad to hear of the push on the irrigation project for it is the making of the valley, especially it being a private concern which makes the people think it a prosper-

ous section. Am glad to hear of the grand success of your fair.

Will not be in La Grande for a while yet, as am on my way to Eugene but will be there as soon as I can.—Yours truly,

WILLIAM HALL

Discover Big Lottery.

New Orleans, Oct. 21.—Detectives raided a lottery today which is said to be the biggest since the operations of the once famous Louisiana Lottery. Three arrests were made, money, pheranailla and tickets confiscated. Several prominent business men are reported to be back of the concern. The lottery sheets show that they were doing a big business and handled great sums of money. It is believed that this is the general system of the famous and far-reaching underground lottery that is known to be in existence throughout the south and that the exposing and breaking up of the business of this concern will break up and destroy the general lottery system of the south.

to A. A. Chrisholm of Treadwell N. Y., now... His reason is well worth reading: "For along time I suffered from indigestion, torpid liver, constipation, nervousness and general debility," he writes. "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. Then used Electric Bitters. Twelve bottles restored all my old time health and vigor. Now I can attend to business every day. It is a wonderful medicine... Infalible for Stomach, Liver, Kidneys, Blood and Nerves. 50c at the Newlin Drug Company.

Frightful Fate Averted.

"I would have been a cripple for life, from a terrible cut on my knee cap," writes Frank Disberry, Kellier Minn., "without Bucklen's Arnica Salve, which soon cured me." Infalible for wounds, cuts and bruises, it soon cures, burns, scalds, old sores, skin eruptions. World's best for Piles. 50c at the Newlin Drug Company.

HOME CURE FOR ECZEMA.

Oil of Wintergreen, Thymol, Glycerine, etc., Used as a simple Wash.

It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is bound to cure.

Old, obstinate cases, it is true can not be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find immediately that wonderful soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Company of Chicago, and our long experience with this remedy has given us great confidence in its merit.—Newlin Drug Company.
