

Young Men: There's a Difference

between these Ederheimer-Stein clothes that are made especially for you and other kinds that are sometimes sold you.

Too bad you can't see these clothes alongside some of the makes you're shown when you go to buy a suit. But we don't have the ordinary kinds and you won't find garments of this make anywhere else.

Three and a quarter yards of cloth is usually supposed to be enough for a suit. Ederheimer, Stein & Co., put 3 3/4, sometimes more, into theirs.

It takes this much to make a coat roomy and full chested, to give it plenty of length and bottom sweep, to get the right hip effect to the trousers.

Not all clothes makers use enough goods to make clothes stylish. Ederheimer, Stein & Co., make clothes right and put in all the material that is needed.

And they're strictly Young Men's clothes. Made to keep you looking young.

RESUME RATE HEARING.

Louisville, Oct. 22.—A hearing is scheduled to be held in this city today in the proceedings of the Florida Railroad Commission against the Louisville & Nashville to show cause why a three-cent rate should not be maintained in Florida. Previous hearings have been held in Florida, and the last was terminated suddenly when Mr. Farnum, an expert witness, fainted in the witness chair.

A mass of testimony has been taken which is to be revised by Judge in passing on the question of dissolving the injunction. It is expected much more testimony will be taken at Louisville, as the cross-examination of Mr. Farnum is still to be completed, and the railroad will put several witnesses on the stand.

for La Follette reception and also for forming the permanent union were appointed: J. W. Knowles, Charles Cochran, Turner Oliver, John S. Hodgins, George Cochran, T. H. Crawford, S. V. Ivanhoe, J. F. Baker and J. D. Slater.

After the meeting was called to order Judge Knowles was chosen temporary chairman and Charles Cochran temporary secretary. These officers were made the temporary officers of the organization of the Bar Association. The next meeting will be held immediately after the Wallowa term of court upon three days notice from the temporary president. At that time all the attorneys of the county will be invited to be present to participate in the permanent organization.

One of the particular plans for the Bar Association mentioned at the meeting this afternoon was the formation of a county law library. Several of the attorneys present told of county law libraries in other parts of the country and the sentiment seemed to prevail the meeting that such a library would be an excellent thing to start. The general improvement of matters pertaining to the interest of the lawyers of the county is the object of the association.

ELGIN FAIR IS OPENED TODAY

SPLENDID ARRAY OF FRUITS IS
CHIEF FEATURE.

Games, Dancing and Music to Enliven
The Occasion.

Elgin, Oct. 22.—Today marked the opening of the apple show. The chief feature of the show is to be the exhibits themselves. While there is good music, dancing and games scheduled for the event, the attention of the people is to be directed to the wonderful exhibits being made. The displays are excellent and the attendance is large. A record crowd is expected tomorrow. Many from outside points are here. Cove high school will play Elgin tomorrow.

WILL COPPER CIRCUIT SOON.

Home Independent Telephone Has
Wire Coming—Will Build on
Valley.

Superintendent S. D. Crowe of the Home Independent Telephone Company has been in the city from La Grande for several days, looking after the interests of the company. While here he stated that work would be commenced at once on a line to the Lower Valley where the residents have been clamoring for telephone communication for the past two years or more, says the Wallowa Sun. He also states that the wire is on the way to copper the circuit of the main line from La Grande to Joseph and that the work of installing it will be commenced within two weeks.

ACT QUICKLY.

Delay has been Dangerous in La Grande.

Do the right thing at the right time. Act quickly in times of danger. Backache is Kidney danger. Doan's Kidney Pills act quickly. Cures all distressing, dangerous Kidney ills.

Plenty of evidence to prove this. Mrs. S. J. Atchison, 213 S. Baker Baker City, Ore., says: "I have known the value of Doan's Kidney Pills for years and they have long been a standard remedy in our household. I used them for a weak and painful back accompanied by a bearing-down pain in the hips. My kidneys were much disordered and annoyed me both day and night. At times my back ached so severely that it really felt as if it would split and I was often so dizzy that I had to take to my bed until the attack passed away. I also suffered from rheumatism and my ankles became badly swollen. At last Doan's Kidney Pills were brought to my attention and I procured a supply. They helped me from the first, and by the time that I had taken the contents of three boxes, I was free from kidney trouble. There has been no symptom of a return and I consequently praise Doan's Kidney Pills at every opportunity."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

HOWARD HEATING STOVES

Howard wood and coal grates will burn
either wood or coal

Have wood and coal grates and burn either wood or coal. No one expects to buy strictly high grade goods at the price of "cheap stuff," but some think that a high price guarantees high quality. Don't make this mistake in buying a range. Many ranges of ordinary construction are priced high or even higher than the incomparable Monarch.

WHEN YOU BUY A RANGE—

Find out what it is made of and how built! You have a right to know these things. Any man selling ranges who says, "Our range is a fuel-saver—a perfect baker," and stops there, casts a reflection on your intelligence. If these things are true of any range, there is a reason for it—a reason you can see and understand—a reason you have a right to know before buying.

We can show in a Monarch range exactly why it does what we claim. Come and see how the Malleable iron and steel plates are riveted solidly together, insuring a tight range for unlimited time. Let us explain how tight, permanent seams are possible only in ranges where Malleable iron is used. We can show you how tight, solid construction is necessary to everything you want most in your new range—prompt, sure service—long life—and fuel economy.

ANDREWS & BERRY

Do your eyes trouble you when reading or studying after night? Do you have headaches or dizziness or irritated smarting or watering eyes or granulated lids? Do you get sick riding? All of these ailments are caused by the eyes being out of shape, too long or short (near or far sight), unevenness of the front or cornea, (Ostigmatism of the eyes, also by the effects of age, which causes our near point of vision to farther and farther away each year after ten years of age till finally we have to put on glasses to bring it back to a convenient distance.

If you have any of these troubles call on me, I will furnish glasses, the most up-to-date styles and best specially ground lenses at a price much less than the traveling opticians charge, and I give your eyes a double test by different methods with different instruments, one test proves the other.

I guarantee all my work. I make no charge for testing where glasses are not required or when I fit glasses. Give me a trial and be convinced.
