New York, Oct. 23.—State Senator Patrick H. McCarren died early this morning at St. Catherine's hospital in Brooklyn. The end was peaceful.

Shortly after midnight he kissed his two nieces good bye and soon lapsed into unconsciousness. His last request was that his aged mother should not be told of his death until Monday as she was dangerously ill.

Senator McCarren was operated upon for appendicitis about a year ago and never completely rallied, and a few days ago it was found necessary to operate upon him again. He rallied and apparently was regaining his health when the turn came and he passed away.

For more than 50 years McCarren was a dominant figure in the political game of New York and was a typical boss, being one of the greatest types

San Bernardino, Oct. 23.—Five persons have been reported to be wandering in the great Mojave desert. The people are thought to be Jay Dougherty and his wife Cora of Chicago, and their three children, Lois, aged ten, Bettie, eight, and Robert six years old.

According to Miss Bertha Dougherty, a sister, the family have been living on the far side of the Santee desert, where Mr. Dougherty has been carrying on successful mining operations, and the family expected to come out about the middle of the present month by crossing the desert. According to a searching party that has been sent out by the sister, their trail leads directly towards the West Gate canal where water is plentiful at this time of the year. The trail could not be followed farther on account of the shifting sands.

of this character that the great cities of America have ever produced. It is said that he knew every man, woman and child in his district and there are but few that have not been beneficiaries of his favors.

Scoring a touchdown after Pirk advanced the ball twenty yards. Here Spokane held and Childers punted forty yards. Spokane attempted a forward pass which was blocked by Bolton and La Grande got the ball in Spokane territory. The most brilliant play during this time was a 30-yard run by Childers with Myers running interference. Childers took the ball for La Grande's 45 yard line for a 15 yard run.

A pass from Childers to Bolton was the next play. La Grande lost to the 55-yard line. Williamson took the ball from the 55-yard line for 5-yards.

Next two line bucks by Childers netted 10 yards. Then Bolton made 5-yards, after which Childers with Myers as interference made 30 yards. La Grande lost the ball on Spokane's 30-yard line. Spokane punted 30 yards. Hamilton caught the ball, and recovered only two yards.

Spokane next made an off side play, penalizing 15 yards and La Grande punted for 30 yards and Spokane fell on the ball behind her goal, and made a touch back. Spokane put the ball in the scrimmage on the 25-yard line. La Grande recovered the ball in a fumble and lost 2 yards on a line plunge.

There was next a delayed pass from Childers to Myers. Childers made a field goal from the 30-yard line, making La Grande 3 points.

Following the kickoff to Childers a series of long end runs and forward passes during which time the ball changed hands frequently, the ball was kept almost entirely in Spokane territory. The sensational features of this stage of the game were a tripple pass to Bolton which netted thirty yards for the locals; a 20-yard run by Myers and the blocking of one of Spokane's punts by La Grande on the 5-yard line.

HOTEL IN FLAMES.

People Have Narrow Escape From Firey Death.

San Francisco, Oct. 23.—Two hundred men, women and children were awakened early today when the hotel Irwin was discovered to be in flames, and the inmates fled in a panic. In a short time the seven story building was a mass of flames. The guests fled in scanty clothing to the elevator and stairways. Those who were pushed or crowded from the elevators fell down the long flights of stairways regardless of their injuries and rushed for the street.

The fire started in a restaurant adjoining the hotel and almost before it was realized that the hotel was in any danger the fire had eaten its way into the third story of the building and was burning fiercely.

Among the narrow escapes were James Kimball and wife of Portland. The guests were awakened by Night Watchman Boerk. He was compelled to break open the door of Miss Fagan's room, of Los Angeles, who was apparently paralyzed with fright, and lead her to safety.

NO ESTIMATE OF THE VICTIMS

RESULTS OF EARTHQUAKE YESTERDAY NOT ASCERTAINED.

Local Authorities Hope to be Able to Cope With Situation.

Calcutta, Oct. 23.—The Local authorities hope to be able to cope with the earthquake situation without troubling the Colonial headquarters until they have received further reports. The Colonial authorities are making no effort to estimate the number of the dead nor the property valuation that has been destroyed, although it is known to have been something enormous. The Colonial office states that the section of the country in which the upheaval occurred is scarcely populated at all except in the towns and they will have to wait to hear from these. The town of Quetta reports 150 bodies already removed from the ruins and many more will be found as the work of rescue is continued. It is thought that the report of fatalities has been greatly exaggerated, although it is admitted that the earthquake is one of the worst on record. The Anglo-Indian residents appear to be entirely uninterested in the fate of the natives and if they have all perished it seems to be the same to them.
