Buying a Lawsuit.

Did you know that placing your reliance upon a warranty deed is simply bidding for a lawsuit?

In California this fact is so well understood that a warranty deed is looked upon with suspicion.

It is for this reason:
 If the title is good it passes with the deed, and that is all there is to it—no need of a warranty. If bad, the adding of a warranty does not make it good.

A warranty is only a sort of a bet—a wager that you will have no trouble; but if you do, and finally lose out, I'll pay you your money back.

A better plan is to require an abstract. Don't go to law, consult J. R. Oliver.

Rummage Sale.

I handle some others for the same purposes that pay me a larger profit, but this remedy is sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." QUALITY DETERMINES SUCCESS.

Quality indicates the man; Quality makes the merchant; Quality you will remember long after the price has been forgotten. The quality and prices of the goods piled up and scattered around this store will tell you whether or not this is the right place to get the right quality at the right prices.

Yes, it would be easy to go ahead and enumerate all kinds of drugs, medicines, stationery, toilet goods, books, combs, brushes, etc. But what's the use? It isn't just things you've after. You want quality, articles of merit, and things that are pure and wholesome. This is not a little, dingy place. It's a drug store with lots of good goods for good people. It's a drug store of quality, and the best in the beginning is the cheapest in the end. Business principles that are broad, honorable and fair to all form the keystone for a united friendship.
