## RALLY LAST EVENING

COACH KENNEDY HAS LITTLE TO SAY ABOUT GAME.

Spokane Players Well Known to Local Track and Field Men.

Real collegiate rallies announced the arrival of the Spokane football team last night. A delegation of students paraded the streets and gave vent to their pent-up enthusiasm in a fitting manner. The team arrived from Spokane at 9 o'clock under the tutorage of Coach Kennedy, whose brother has won fame in the University of Chicago.

Today Coach Kennedy had little to say regarding the prospects of his team, but did say that he and his men had come to win if possible. The utter absence in the minds of the Spokane players of the strength of the La Grande team, has kept them on the anxious seat. They are well known to La Grande, however, as many of the team have met with local track athletes on the cinder paths and on the field of contests. Ritter, the track and field man, well known locally, is not with the team. His position is full-back.

## BAKERIES SUPPLY 9000

TWO THIRDS OF THAT AMOUNT CONSUMED HERE.

Local Bakeries Feed a Big Army of Union People.

That La Grande bakeries are supplying approximately 9,000 people of the county with baker's bread was the statement of a local baker this morning. This estimate was based upon the number of loaves that were actually being baked every day in this city. It has been estimated that about two thirds of the bread baked here is consumed in La Grande while one-third goes out to the surrounding towns of the country.

This is considered more significant since the amount being baked is on the increase, indicating that people are coming more and more to adopt labor saving methods of living. Following the advance in the mill industry of the valley the outlook is good for the development of a vast industry in the line of bakeries.

### About the Woolen Mills.

A movement is on foot to secure the sale of or capital with which to operate the Union woolen mill, and while it is of course uncertain just what the outcome will be, it is hoped that a good result will follow the work being done. The owner, Dr. Bailey, is unable to finance the scheme, but is willing to co-operate with others who may wish to make an effort to start up the mill.—Union Republican.

day from the church of St. Vincent De Paul. The mother of the late senator is not so ill as thought but the news of her son's death proved quite serious as she is now eighty odd years old.

### ACT QUICKLY.

Delay has been Dangerous in La Grande.

Do the right thing at the right time. Act quickly in times of danger. Backache is kidney danger. Doan's Kidney Pills act quickly. Cures all distressing, dangerous kidney ills.

Plenty of evidence to prove this. Mrs. S. J. Atchison, 213 S. Baker at Baker City, Ore., says: "I have known the value of Doan's Kidney Pills for years and they have long been a standard remedy in our household. I used them for a weak and painful back accompanied by a bearing-down pain in the hips. My kidneys were much disordered and annoyed me both day and night. At times my head ached so severely that it really felt as if it would split and I was often dizzy that I had to take to my bed until the attack passed away. I also suffered from rheumatism and my ankles became badly swollen. At last Doan's Kidney Pills were brought to my attention and I procured a supply. They helped me from the first, and by the time that I had taken the contents of three boxes, I was free from kidney trouble. There has been no symptom of a return and I consequently praise Doan's Kidney Pills at every opportunity."

## HOWARD HEATING STOVES

Howard wood and coal grates will burn either wood or coal

Have wood and coal grates and burn either wood or coal. No one expects to buy strictly high grade goods at the price of "cheap stuff," but some think that a high price guarantees high quality. Don't make this mistake in buying a range. Many ranges of ordinary construction are priced high or even higher than the incomparable Monarch.

### WHEN YOU BUY A RANGE—

Find out what it is made of and how built! You have a right to know these things. Any man selling ranges who says, "Our range is a fuel-saver—a perfect baker," and stops there, casts a reflection on your intelligence. If these things are true of any range, there is a reason for it—a reason you can see and understand—a reason you have a right to know before buying.

We can show in a Monarch range exactly why it does what we claim. Come and see how the Malleable iron and steel plates are riveted solidly together, insuring a tight range for unlimited time. Let us explain how tight, permanent seams are possible only in ranges where Malleable iron is used. We can show you how tight, solid construction is necessary to everything you want most in your new range—prompt, sure service—long life—and fuel economy.
