WEAK, WEARY WOMEN.

Learn the Cause of Daily Woes and End Them.

When the back aches and throbs. When housework is torture. When night brings no rest nor sleep. When urinary disorders set in. Woman's lot is a weary one. There is a way to escape these woes. Doan's Kidney Pills cures such woes.

Have cured thousands. Read this woman's testimony: Mrs. Putman Yeck, of Elgin, Ore., says: "I have known of the merit of

Doan's Kidney Pills for a long time. When suffering from an attack of a lame back accompanied by pains in my kidneys I procured this remedy and began its use. If I sat long the pains were always more severe and I felt languid and dizzy upon first arising in the morning. Doan's Kidney Pills removed the backache regulated the passages of the kidney secretions and benefitted me in every way."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

HOWARD HEATING STOVES

Howard wood and coal grates will burn either wood or coal

Have wood and coal grates that will burn either wood or coal. No one expects to get high grade goods at the price of "cheap stuff," but a high price guarantees high quality. Don't make a mistake in buying a range. Many ranges of ordinary quality are priced high or even higher than the incomparable Howard.

WHEN YOU BUY Find out what it is made of. You have a right to know these things. Any man selling ranges who says, "Our range is a fuelsaver—a perfect baker," and stops there, casts a reflection on your intelligence. If these things are true of any range, there is a reason for it—a reason you can see and understand—a reason you have a right to know before buying.

We can show in a Monarch range exactly why it does what we claim. Come and see how the Malleable iron and steel plates are riveted solidly together, insuring a tight range for unlimited time. Let us explain how tight, permanent seams are possible only in ranges where Malleable iron is used. We can show you how tight, solid construction is necessary to everything you want most in your new range—prompt, sure service—long life—and fuel economy.

PERRY CURVE DISAPPEARS

TWOHEY BROTHERS WILL SOON REMOVE CROSSINGS.

Many more Crews to Be put to Work in Couple of Weeks.

Just as soon as the steam shovels arrive, Towhey Brothers, the contractors making extensive repairs to the side tracks from Meacham to Baker City, will have the road at Perry straightened out so that the dangerous crossings will be eliminated from the county road. There is not an individual that has traveled this road but has trembled at making these hazardous turnings at Perry for fear that a train glide into them and kill, and the fact that the road is to be corrected so as to pass on one side of the track with no crossings at all, will be well received.

The work of putting in the new sidings at Hilgard is now well advanced. Another crew is now working at Meacham and at mile post 276 between Huron and Meacham. Within two weeks there will be several other camps established between La Grande and Baker City.

Some idea of the extent of the work now under way was given this morning by J. C. Twohey who has established his head office in the Newlin drug store building. The Meacham camp is now working 70 men, Hilgard 30, and in a few days there will be 100 at Perry. Within a week 700 men will be engaged between Duncan and Baker City.

Insane From Worrying.

San Jose, Cal. Oct. 27.—Driven insane over the continual grieving over the death of her son, Mrs. Emma Runyan was taken to the asylum today. Her son John Runyan was a student in the Stanford University and being bright and ambitious put himself under a heavy mental strain in his efforts to outdo all of his fellow students and finally broke down and became a mental wreck, dying soon after. His death so shocked the mother that her mind gave way.

WOMAN SOARS IN AEROPLANE

Washington, October 27.—Wilbur Wright, who has refused to grant the request of kings, dukes and princes to take women up in his aeroplane today for the first time took an American woman up in his machine. The passenger was Mrs. Ralph H. Vandeman, wife of an army captain. With Mrs. Vandeman in the machine was Wilbur Wright, who piloted the big bird

like structure carefully through the air in a most highly satisfactory manner. He remained up for four minutes. Mrs. Vandeman sat rigidly in her seat and showed no signs of fear. On alighting she was asked: "Weren't you afraid?" She replied: "I didn't think of being afraid. It was too delicious. I now know why it is that birds sing. It is an incomparable sensation."
