## CLUB HOLDS A MEETING

### CONSIDERABLE DISCUSSION ON FINANCES.

#### Will Name Committees to Collect Dues From Club Members.

The board of directors of the Commercial Club met last evening in the club rooms and heard reports from officers and planned the exhibit which it is proposed to make at the Spokane Apple Show in conjunction with the other leading towns of the county.

The financial problems of the club were discussed and a later meeting arranged for at which committees will be named to collect dues from members and others who have pledged assistance to the club in its work. It was the consensus of opinion that these pledges should all be paid that the organization may not be financially embarrassed in carrying out its undertakings based upon these pledges.

#### Sentenced to 297 Years in Pen.

Leavenworth, Kas., Oct. 30. James McMahon, today was placed in the penitentiary under sentence of 297 years. He was convicted of the killing of his brother-in-law and wife and sister. He had planned to kill them three months before the crime was carried into execution. Following the triple murder McMahon assisted the sheriff in searching for the criminals. McMahon entered the sheriff's office and announced that he was ready to continue the hunt when it was accidentally discovered that he himself had done the killing. This was caused by McMahon leaving the imprint of his boot on the floor of the sheriff's office, the sole of which contained a peculiar design in tracks. He was immediately arrested and imprisoned, and finally broke down and confessed.

## HOWARD HEATING STOVES

### Howard wood and coal grates will burn either wood or coal

Have wood and coal grates burn either wood or coal. No one expects to buy high grade goods at the price of "cheap stuff," but a high price guarantees high quality. Don't make a mistake in buying a range. Many ranges of ordinary quality are priced high or even higher than the incomparable Monarch.

WHEN YOU BUY— You have a right to know these things. Any man selling ranges who says, "Our range is a fuel-saver—a perfect baker," and stops here, casts a reflection on your intelligence. If these things are true of any range, there is a reason for it—a reason you can see and understand—a reason you have a right to know before buying.

We can show in a Monarch range exactly why it does what we claim. Come and see how the Malleable iron and steel plates are riveted solidly together, insuring a tight range for unlimited time. Let us explain how tight, permanent seams are possible only in ranges where Malleable iron is used. We can show you how tight, solid construction is necessary to everything you want most in your new range—prompt, sure service—long life—and fuel economy.
